LABOUR DEPARTMENT

ORDERS

No. 4324-I.R./IR/11L-346/58.—12th August 1960.—Whereas under the Government of West Bengal, Labour Department, order No. 3273-I.R./IR/11L-346/58, dated the 6th August 1958, the industrial dispute between Messrs. The Pioneer Pipe Manufacturing Co., 92, 93 Kissendayal Jalan Road, Ghusury, Howrah, and their workmen represented by Iron and Steel Workmen's Union, 172 Benares Road, Salkia, Howrah, regarding the issues mentioned in the said order being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. The Pioneer Pipe Manufacturing Co., 92 Kissendayal Jalan Road, Ghusury, Howrah, and their workmen represented by Iron & Steel Workmen's Union, 172 Benares Road, Salkia, Howrah. (Case No. VIII-C-174 of 1958.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Company: Shri K. K. Maitra, Advocate.

For the Union: Shri Ram Sen.

By order No. 3273-I.R./IR/11L-346/58, dated Calcutta, the 6th August 1958, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. The Pioneer Pipe Manufacturing Co. and their workmen represented by Iron & Steel Workmen's Union to the Second Labour Court for adjudication regarding the issues mentioned in the order of reference.

Issues

(1) Wages and dearness allowance.

(2) Leave and holidays.

Regarding issue No. 1 the Union prays for the following:—

Minimum starting pay

		Rs.
Unskilled worker	...	35
Semi-skilled worker	...	45
Skilled worker, II	...	75
Skilled worker, I	...	100

Dearness allowance

		Rs. Per month.
Up to Rs. 50	...	35
From Rs. 51 to Rs. 100	...	48
From Rs. 101 to Rs. 150	...	60

The reasons stated by the Union in support of the above prayer are that the Company is a prosperous one and that it is bound to pay the minimum wages irrespective of its capacity.

As to issue No. 2, the Union claims festival holidays for 10 days and other holidays for 7 days in a year. The reason stated is that in almost all concerns where question of leave and holiday has been properly decided workers have been enjoying the above holidays.

The Company contends that its financial position is none the satisfactory. Nevertheless it has been paying its workers good wages, and the wages paid by it compares favourably with that paid by similar concerns to their workmen. So the Company contends that it is unable to pay wages higher than what it has been paying now. As to issue No. 2, the Company contends that its financial position does not permit it to grant more holidays to its workers than at present.

FINDINGS

Issue No. 1.—Wages and dearness allowance

The Company has not produced its books of accounts to show its financial position. But O.P.W. 1 Shri Bajranglal Purohit, a partner of the Company, has described the financial position of the Company in his evidence. The Union has not been able to show that the statements made by him in his evidence are untrue. It appears from his evidence that the financial position of the Company is not good. His evidence also shows that the wages paid by this Company is higher than that of at least two other companies in the same line in the locality. Both sides have produced charts showing the present wages of the workmen. The Company does not split up the wages into pay and dearness allowance; it pays a consolidated sum as wages. It is clear from the chart of wages that excepting in the case of two or three workmen who are very recent employees, the wages paid by the Company is fairly good. The Union has not been able to show that the above wages is less than the subsistence wages. It is also in evidence that the Company granted increments of wages to its workmen during the last 2/3 years. The evidence adduced on both sides bring out the following facts:—

(i) The Union has not been able to show that the wages paid by the Company is below the subsistence level;

(ii) The wages paid by the Company compares favourable with that paid by similar concerns in the locality;

(iii) The financial position of the Company is not good;

(iv) the Company has given increments in wages to its workmen.

In view of the above facts, I hold that any enhancement of the wage structure of the workers of this Company would be putting a good employer into trouble. So I reject the prayer of the Union for increment of wages. I, however, expect that the Company will continue to grant increments as it did during the last 2/3 years.

Issue No. 2.—Leave and holidays.

It appears that at the time of filing of written statement by both sides the Company was granting 8 festival holidays in a year. It, however, appears from evidence that before the case came up for hearing the Company increased festival holidays to 10 days in a year. So it meets the claim of the Union in respect of festival holidays. So no award on this point is required. As to other holidays, I reject the claim of the Union on ground of the financial position of the Company.

Ah Ching Tannery, C/o. Ah Woon Tannery, 47 South Tangra Road, Calcutta-29, and one of their workmen Shri Nagina Ram, represented by All-Bengal Tannery Mazdoor Union, 7 South Tangra Road, Calcutta-15, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

ANNEXURE

In the matter of an industrial dispute between Messrs. Ah Ching Tannery, C/o. Ah Woon Tannery, 47 South Tangra Road, Calcutta-29, and one of their workmen Shri Nagina Ram represented by All-Bengal Tannery Mazdoor Union, 7 South Tangra Road, Calcutta-15. (Case No. VIII-C-163 of 1959.)

For the Company: None.

Government of West Bengal, Labour Department, by its order No. 2250-I.R./IR/11L-165/59, dated Calcutta, the 23rd May 1959, referred an industrial dispute between Messrs. Ah Ching Tannery and one of their workmen Shri Nagina Ram represented by All-Bengal Tannery Mazdoor Union to the Second Labour Court for adjudication regarding the issue mentioned in the order of reference.

Issue

Whether refusal of employment to Shri Nagina Ram is justified. To what relief, if any, is he entitled?

The case of the Union, briefy stated, is as follows:—

Shri Nagina Ram, the workman in question worked under the Company for 12 years. He was granted leave of absence for 3 months due to slack season and trade depression from 1st week of July 1957. He returned after the expiry of the leave and reported for resumption of duty but was disallowed to do so. He was an active member of the Union and this was the reason of the refusal of his employment. The Union contends that the refusal of employment to Shri Nagina Ram is unjustified.

Findings

The Company did not appear or file any written statement inspite of notices having been issued to it. So the case was heard ex-parte. The Union has examined two witnesses in support of its case. As stated above, the Company did not adduce any evidence. It is clear from the evidence adduced on behalf of the Union that Shri Nagina Ram was refused employment after returning from leave, without any reason. So I hold that the refusal of employment of Shri Nagina Ram is unjustified. Hence I order that he shall be reinstated and be paid wages for the period of his forced unemployment.

The above order shall take effect within a month of the publication of this award in the "Calcutta Gazette".

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri P. P. Pathak.

For the Company: Shri S. C. Sen, Advocate.

An industrial dispute between Messrs. Hoare Miller & Co. Ltd., 5 Fairlie Place, Calcutta-1, and their workmen represented by the Hoare Miller Employees' Welfare Association, 5 Fairlie Place, Calcutta-1, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 468-I.R./IR/11L-206/59, dated the 8th February 1960, and corrigendum No. 883-I.R./IR/11L-206/59.

Issue

Whether the 42 retired workmen as per schedule enclosed are entitled to bonus for 1957 which was declared in 1958?

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in support of their respective cases.

AWARD

The contention of the workmen as made out in the written statement is that the Company is bound to pay Puja bonus as a condition of service in 1958 to the 42 workmen mentioned in the schedule to the order of reference, though they had retired from service in 1957.

The contention of the Company is that in accordance with its established practice, bonus was paid only to those workmen whose names were on the Company's muster roll at the time bonus was declared. It is further contended that these 42 workmen retired from service between the months of August and December 1957 and they had received the bonus which was declared and paid during the Puja in 1957, as a condition of service and that they cannot claim bonus in 1958.

The learned lawyer for the Company further urged that these people having retired from service are not "workmen" as defined in section 2(s) of the Industrial Disputes Act and, therefore, the dispute is not maintainable.

It is the common case of both the parties that payment of bonus on the eve of the Durga Puja acquired the force of an implied condition of service. Therefore, the employer had the obligation to make such payment of bonus on the eve of the Puja, irrespective of the question of profit and loss of any year. The simple question to be examined here is as to particular terms of the condition of service regarding bonus and which workmen were entitled to claim such bonus as a condition of service in any particular year. The contention of the Union is that those workmen who had been in service in 1957 and retired at any time during the said year, should still be legally entitled to payment of bonus declared on the eve of the Pujas of 1958.

Both parties relied on the decision of the Hon'ble Labour Appellate Tribunal as between the same parties, reported in the "Calcutta Gazette", dated the 12th April 1956. The issue as referred to the previous Tribunal runs as follows:

> "Whether the workmen are entitled to receive any amount in addition to one month's basic pay as bonus payable in 1953".

Admittedly, the dispute arose as the workmen demanded that the quantum of bonus should be something more than one month's basic wages. The dispute came up for decision before the Sixth Industrial Tribunal, West Bengal, and the said Tribunal found that the workmen were not entitled to receive any amount in addition to one month's basic wage, as bonus payable in 1953. As against that decision both the parties preferred appeal, and the Hon'ble Appellate Tribunal decided the two appeals taking them together, and gave award allowing partly the appeal preferred by the workmen. It was ordered that the Company should pay 1/12th of the year's dearness allowance to the workmen concerned in that appeal as additional bonus for the year 1952 payable in 1953. That decision clearly enunciates what would be the quantum of Puja bonus payable as a condition of service to the workmen in 1953. The award was that it would be one month's basic pay plus 1/12th of the year's dearness allowance. It has got to be remembered in this connection that the only question which was to be adjudicated upon by the Tribunal in the above case was whether any additional sum in excess of one month's basic pay was payable in 1953 as bonus. The claim of bonus was obviously based on a right arising from an implied condition of service. The workers claimed more than one month's basic pay as Puja bonus as a condition of service, and the Tribunal decided the exact quantum and the calculation thereof. That bonus as claimed had nothing to do with the profit or loss of the Company, and as such was completely unconnected with the question of profit of any year. In fact, bonus was claimed, and allowed by the Tribunal as a traditional bonus connected with the Durga Puja which is a national festival in Bengal when it is customary to make presents to near and dear ones and to relatives. The employer made payment of such bonus in appreciation to difficulties of the poorly-paid clerks who could not make any saving out of their monthly income to meet such necessities of a social and religious character. Such claim which arises from a long standing custom or which is based on an implied condition of service, generally goes by the name

of Puja bonus and, therefore, the bonus payable in a particular year is purely unconnected in its description for being connected with any other year except that year. In fact, the reference before the Tribunal was to find out the quantum of bonus payable in 1953. The learned Tribunal found that an additional amount was payable in 1953, but in doing so the Appellate Tribunal mentioned the same as "additional bonus for the year 1952 payable in 1953". Apparently the words "for the year 1952" as mentioned in the final order is an observation outside the scope of decision of the Tribunal. Besides, I am inclined to hold the words "for the year 1952" had been used by the learned Appellate Tribunal for the purpose of indicating that in calculating bonus the yearly dearness allowance would be with reference to the year 1952. That simply indicates the mode of calculation of the exact quantum of additional bonus and nothing more. At least that clause "for the year 1952" can never mean that the condition of service regarding Puja bonus was such that workmen employed in 1952 would get bonus in 1953 even if they are not in service. It cannot be said that the workmen who have retired from service in 1952, would still be entitled to get bonus which is, in fact, a Puja bonus connected with the basic idea of satisfying the needs of the workmen, arising particularly at the time of the Durga Puja. It thus appears to me to be reasonable that the condition of service arising from the implied agreement between the employer and the workmen was to the effect that only those workmen who were in service at the time when the Puja bonus was declared on the eve of the Durga Puja would be entitled to participate in the same.

The Union produced a letter, dated 29th May 1956, Ext. 1, addressed to the Company, wherein a demand in respect of bonus payable in 1953 in favour of eleven ex-employees or their heirs had been made. Clearly this was written after publication of the award. It appears from Ext. 2, showing the list of employees who received bonus while not in service, that the names as per serial numbers 1, 2, 4, 5, 6, 9, 10 in Ext. 1, are included therein. Now, these persons, except Shri M. M. Lahiri and Janab Rashid (serial Nos. 2 and 11 in Ext. 1), left the service in 1954 or in 1955. Naturally, therefore, they were in service in 1953 and became entitled to get bonus for the year 1953. Regarding Shri M. M. Lahiri and Abdul Rashid who retired in 1953, it is clear from the letter of the Union, Ext. A, dated 3rd July 1956, that the Union admitted that these persons were not entitled to get bonus. An ex-gratia payment was requested for them. That the payment to them was made ex-gratia is clear from the Company's letter. The position, therefore, is that both the parties knew very well that these two persons not in service at the relevant time of the declaration of the Puja bonus could not, as a matter of right, or as a condition of service, be entitled to bonus. Here, admittedly, all these 42 persons had retired from service in 1957. So, they could not claim as of right Puja bonus declared in 1958 as I find that the implied condition of service was to the effect that employees in service would be entitled to get it.

Furthermore, I do not think that the dispute awaiting adjudication is an industrial dispute as defined under the Act. In order to constitute an industrial dispute, the dispute or the difference need be between the employer and its workmen. "Workman" as defined in section 2(s) means any person employed in any industry, including any such person who has been discharged, dismissed or retrenched in connection with or in consequence of that dispute. Evidently, these 42 workmen were not employed in this industry at the relevant date of the order of reference. Their termination of service did not arise from dismissal, discharge or retrenchment. These persons ceased to be "workmen" in accordance with the terms and conditions of service, when they retired and got all their dues cleared. The termination of service arose by way of retirement on reaching the age of superannuation. The workmen themselves did not come to depose that the retirement was not in accordance with the condition of service, or that the employer compelled them to retire before the reaching of the age of superannuation. These employees could still be treated as "workmen" as defined in section 2(k) if the facts constituting their retirement were challenged, and the dispute as it is could be linked up with the action taken by the employer in terminating their services by retirement. There is no such material to support such a case. It is simply a case wherein the Union makes a claim in favour of some workmen, no longer in service, for recovery of dues on account of Puja bonus, declared after their retirement. In this view also I hold that the dispute must fail on the ground that these 42 people were not employees of the present Company on the date of the reference and as such the dispute is not an industrial dispute. So, the Union's case fail both on law and on merits.

Alex Millar (Shiphandlers) Private Ltd. and one of their workmen, represented by the Hindusthan Drivers' Union to the Second Labour Court for adjudication regarding the matter specified in the order of reference.

Issue

Whether the discharge of Shri Govind Rout is justified? To what relief is he entitled?

The case was fixed on 21st July 1960 for hearing. On that day one witness was examined and cross-examined, and the case was adjourned to 28th July 1960 for further evidence. The above terms of settlement are fair. So I accept them and declare the dispute to have been settled on the above terms.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 3382-I.R./IR/91L-42/58, dated 12th August 1958, referred the industrial dispute between a specified number of Tea Contractors and their workmen represented by their Union to this Tribunal for adjudication. The employers in the instant case was one of the parties in the dispute. The Tribunal made its award on 27th February 1960, which was published in the "Calcutta Gazette" on 24th March 1960. On 23rd February 1960 Shri Arjun Chand Mallick filed a complaint under section 33A stating that he was a Khata workman in the Company of Messrs. Mathura Nath Mallick and the employer with the object of getting rid of the complainant, dismissed him from service against all principles of natural justice.

On 18th July 1960 both the parties filed a petition stating that both the parties had come to an amicable settlement on the terms stated in the petition. It is stated in this petition that the employers will register and employ Shri Arjun Mallick as a Khata worker with effect from the date of filing of the petition. By this petition, the complainant also withdraws the complaint. The compromise petition appears as Appendix A to this award. ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Ram Lout Ahir against his employers Messrs. Karam Chand Thappar & Bros. (P.) Ltd., 12 India Exchange Place, Calcutta, in connection with Government order No. 2024 Dis./D/11L-32/55, dated the 9th May 1955. (Case No. 68/60.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri D. L. Sen Gupta, Advocate.

For the Company: Shri N. D. Manna, Counsel.

This is an application under section 33A of the Industrial Disputes Act filed by one Shri Ram Lout Ahir, a peon, in the employment of Messrs. Karam Chand Thappar & Bros. (P.) Ltd., against the aforesaid Company. It is contended by the workman that he has been arbitrarily dismissed on 16th November 1959 on an allegation of misconduct during the pendency of the proceedings before this Industrial Tribunal to which the applicant was concerned as a workman. It is alleged by the applicant that his dismissal by the employer was actuated by a spirit of victimisation for his trade union activities. It is stated that he was the only person from the sub-staff in the Executive Committee. The application was filed on 5th January 1960.

The opposite party, the employer, filed a written objection on 27th January 1960. It is contended that this application is not maintainable in law. Besides, the employer gave denials categorically to the allegations made by the workman in his application. The contention of the employer is that they had strong reasons to believe that Shri Ahir had some hand in the matter of theft of a typewriter machine from the office premises at some time between the night of the 24th October 1959 and the morning of the 26th October 1959, though there was no direct evidence to charge the man with the commission of the theft and that they lost confidence in the employee and discharged him. It is admitted in the letter of dismissal, dated the 16th November 1959, which is made annexure 'A' to the Union's written statement, that the management upon enquiry found that there was no direct evidence to charge the man with the commission of theft of the typewriter machine. Mr. Abraham, the officer-in-charge of Employment and Establishment, stated that he was present at the enquiry and they did not find Ahir guilty of any charge of misconduct. In spite of that it is narrated in the said order of dismissal that the management has strong reasons to believe that Shri Ahir had some hand in the matter of the said theft.

Let me now consider how the incident started. Shri Santosh Kr. Datta, the Care-taker of the office buildings situated at 9A Dalhousie Square, 13 India Exchange Place and 12 India Exchange Place, stated that he learnt on 26th October 1959 morning from Bakshi Singh, the durwan, that a typewriter machine had been stolen. Baksi Singh is not examined. Shri Thakur Singh, the gate durwan, stated that five persons, namely, Ramlot, Rampeari Lal, Balai Ram, Mushiram and he himself used to sleep at night at the office building situated at 9A Dalhousie Square. Actually, the typewriter machine was found missing from a room of the office at 9A Dalhousie Square. After the typewriter machine was found missing the employer charge-sheeted all these five persons including Thakur Singh, the gate durwan. Shri Singh in his deposition at first stated that all these five persons were not charge-sheeted. At the next breath he admitted that all these five workmen had been charge-sheeted. His wages for 15 days were deducted for the loss and alleged theft. In fact, the Care-taker stated that the gate durwans were responsible for all things found lost, and it was their duty to lock-up the doors. The Care-taker clearly admitted that the durwan, Thakur Singh, never reported that Shri Ahir had not allowed the doors to be closed. It is however significant to note that Shri Thakur Singh stated in the examination-in-chief that Shri Ahir did not allow the doors to be kept closed on the 24th night. He retracted his statement in cross-examination and stated that the doors were closed on the 24th night. Shri Ahir in his cross-examination stated that no door of the office room was kept open and that on the night of 24th and 25th October he slept on the roof. So, apart from the fact that the employer on enquiry had found that there was no direct evidence connecting Shri Ahir with the loss of the typewriter machine, I find that there was absolutely no reason to think that Shri Ahir had some hand even in the matter of the alleged theft. The mere fact that the typewriter machine had been stolen away at some time after the closing of office at 2-30 p.m. on Saturday, the 24th October 1959 and 9-30 a.m. on Monday, the 26th October 1959, covering a pretty long interval of time, does not throw any

blame on the office peon Shri Ahir, who was not responsible for the safe custody of the Company's properties and cannot lead to any inference that he had any indirect connection with the commission of the theft. It is true that in a proceeding under section 33 of the Industrial Disputes Act, the only jurisdiction of the Tribunal is to see if a prima facie case for meting out the punishment has been made out by the employer, and if the employer was not actuated by any unfair labour practice or victimisation. In dealing with the merits of a case of dismissal of an employee, the employer must confine itself to the charge-sheet given to the employee. It would not be open to the employer to depend upon any extraneous consideration as to the past misconduct of the employee concerned which do not find place in the charge-sheet. The charge-sheet clearly indicates that except the allegation about theft of a typewriter machine no other allegation of misconduct was levelled against Shri Ahir along with four others. Ramlot Ahir was once before dismissed in contravention of section 33 during the pendency of a previous adjudication proceedings in 1952. The Tribunal found on the complaint made under section 33A of the Industrial Disputes Act that the dismissal was unjustified and directed his reinstatement. This decision was upheld in appeal as reported in 1953, L.A.C., p. 78.

Shri Ahir in his deposition stated that at this enquiry proceedings held by Shri Dinanath, the Secretary, no witness was examined in his presence, and he does not know what Shri Dinanath got written as his statement by a typist. The contents of the note were never read out to him. I find no reason to disbelieve the statement of Shri Ahir that the contents of the statement of Shri Ahir as recorded at the instance of the Enquiring Officer, had not been read over to him. Shri Dinanath has not come to depose before the Tribunal to challenge the statement.

The learned Counsel for the employer has argued much on the point that the application under section 33A of the Industrial Disputes Act is not at all maintainable as there is no contravention of the provisions of section 33 of the Industrial Disputes Act. Obviously, unless there is contravention of the provisions of section 33 of the Act, there arises no question of entering into the merits of the fact constituting the complaint. It is at the same time true that the provisions of section 33 of the Act must be strictly construed. Unless a clear case of contravention of the provision of section 33 is established, the Tribunal will refuse to enter into the merits of the case and give any relief. The provisions of section 33A confer a special jurisdiction upon the Tribunal to enter into the merits of the dispute at the instance of workmen and, obviously, such jurisdiction cannot be exercised unless the primary condition, viz., that there has been any violation by the employer of the provisions of section 33 is made out.

The contention of the workman is that the provisions of section 33(2) of the Act had been infringed. The workman had been discharged on the basis of an enquiry on a charge of misconduct unconnected with the pending dispute. The final order terminating the services of the workman was to the effect that the employer had decided to discharge the workman from service with immediate effect as a result of an enquiry. I would at once say that the mere use of the word "discharge" instead of "dismissal" does not make any difference in its effect as it is associated with punishment by way of dismissal of the workman on an allegation of serious misconduct. The entire proceeding was based on an allegation of complicity of Shri Ahir with an offence of theft, and in spite of the fact that there was no direct evidence to prove his guilt of misconduct, he stood dismissed on the basis of the same charge. The decision is clearly perverse and not only against the weight of evidence but in spite of any evidence. The ban imposed upon the employer, under section 33(2)(b) of the Act, is that he cannot take the proposed action of dismissal of a workman connected with the dispute during the pendency of the proceedings of the Tribunal for any misconduct unconnected with the dispute without the approval of the Tribunal. Here the employer just filed a petition under section 33(2) of the Act on 2nd December 1959 to which Shri Ahir submitted a reply in due course Subsequently, the employer withdrew the application. It is contended by the employer that the application for approval was withdrawn as the employer found that the application was not maintainable in law in view of the fact that no approval was necessary in this particular case. The only reason that is assigned by the employer in support of its contention is that the action taken by the employer was not subject to any approval of the Tribunal, and that the provisions of section 33(2) was not attracted as there was no certified Standing Orders in respect of the industrial establishment concerned. A question, therefore, arises for consideration if, in the absence of Standing Orders in a particular industry, there can arise any complaint under section 33A on an allegation as to contravention of section 33(2) of the Act. The learned lawyer in support of his contention has relied on the decision of the Industrial Tribunal, Bombay, in the case of Anthony (K.T.) and Messrs. Good Year Tyre and Rubber Co. of India (P.) Ltd., Bombay, reported in 1958, L.L.J. Vol. 1, p. 377, and the decision of the Industrial Tribunal, Patiala, in the case of Messrs. New Valley View Transport (P.) Ltd., Pathankot, and their workmen, reported in 1960, L.L.J. Vol. 1, p. 104. Now, in both these cases it was held that the existence of the Standing Orders is a pre-requisite of the exercise of the power by the management, and the absence of the same would take the case out of the mischief of section 33(2) of the Act. A contrary view was however taken by the Industrial Tribunal, Madras, in the case of Muruglan and others and Messrs. Pioneer Mills Ltd., Coimbatore, reported in 1959, L.L.J., Vol. 1, p. 327, and by the Rajasthan High Court in the case of Mansingh and Messrs. Mewar Textile Mills Ltd., Bhilwara and another, reported in 1959, L.L.J., Vol. I, p. 637. Clearly, therefore, the decisions are conflicting on the point. I am concious of the fact that it is a cardinal principle of law that any penal provision in the statute must be strictly construed with due importance given towards the use of the particular word or words appearing in the statute. Section 33(2) of the Act enables an employer, in accordance with the Standing Orders applicable to a

workman, to discharge or punish by way of dismissal or otherwise any workman concerned in such dispute. But in the proviso to that sub-section it has been made obligatory on the part of the employer that he must not dismiss the workman unless (i) the workman is paid one month's wages and (ii) an application has been made to the Tribunal for an approval of the proposed action. It would be enough for the employer to secure the approval of the Tribunal if they would be able to show that he had proceeded bona fide, and there was prima facie case for meting out the punishment. The proviso attached to the section 33(2)(b) is obligatory, and the employer is bound to take approval of the proposed action from the Tribunal. Naturally if the employer proceeds in accordance with the Standing Orders, and there be prima facie case, the Tribunal would approve the action. In case however there is no Standing Orders, that does not give a plenary power to the employer to proceed with the action in dismissing a workman arbitrarily. After careful considerations, I do not agree with the views expressed by the two Tribunals at Bombay and at Patiala as referred to above. In the result, I hold that the action of the employer in dismissing Shri Ahir was mala fide, and that the employer was actuated by a spirit of victimisation with ulterior motive in the absence of any evidence against the man. The application therefore succeeds. The applicant is directed to be reinstated. He should be paid half the wages including dearness allowance for the period of forced unemployment, i.e., from the 16th November 1959 right up to the date of reinstatement, and this period will be treated as special leave, in favour of the applicant.

Vejoy Engineering Co., Ltd., 66/1 Dawangazi Road, Bally, Howrah, and their workmen as represented by the Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah, regarding the issues mentioned in the said order being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Vejoy Engineering Co. Ltd., 66/1 Dawangazi Road, Bally, Howrah, and their workmen represented by the Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah. (Case No. VIII-174/59.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri A. Das.

For the Company: Shri M. M. Singh and Shri B. D. Patel.

An industrial dispute between Messrs. Vejoy Engineering Co., Ltd., 66/1 Dawangazi Road, Bally, Howrah, and their workmen represented by the Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah, over the following issue, was referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 5026-I.R., dated the 22nd October 1959.

Issue

Whether the proposed raising of target of production of Cylpol moulding above the existing target of 6 per working day for the purpose of granting the production bonus at the existing rate is justified. To what relief, if any, are the workmen entitled?

AWARD

After service of usual notices upon the parties for appearance and for filing written statement, both the parties filed their respective written statements.

After several adjournments the dispute was fixed for hearing on 22nd July 1960. On that date the Company filed a petition stating therein that the Tribunal might pass a "no dispute" award without prejudice to the Company's right to reagitate the issue if the existing system of production is continued. Evidently, the dispute arose as the employer proposed to raise the target of production for the purpose of granting production bonus. The employer, in the petition filed, stated that the Company has decided to replace the present system of production of boxes by hand through the machines. Obviously, it is completely outside the jurisdiction of this Tribunal to enter into the problems which would arise as a result of changing in future the method of production by the employer. The scope of the Tribunal under the terms of the reference is confined to the point as raised by the issue itself. Naturally, therefore, the simple question which awaits decision by the Tribunal is whether the target-production in the present system of work could be allowed to be raised for the purpose of production bonus. The Company's representative stated before me that the present rate of production bonus on the basis

of the existing target of production under the present system of work is not going to be changed. That makes the dispute non-existent. In fact, this dispute arose for proposed raising of the target of production by the employer. As the employer does not want to raise the target of production on the existing method and system of work, there remains no point for adjudication. I, however, make it clear that I refrain from passing any opinion on the questions and problems that might crop up as a result of changing the mode of production itself at a future date by way of rationalisation. The statement contained in the petition filed by the Company that in near future they would change the system are irrelevant for the purpose of this adjudication. Besides it is not sufficiently explicit about the exact nature of the change contemplated, and so neither party would be prejudiced by such unilateral statement as contained in the petition filed by the employer. Simply an award as "no dispute" is accordingly passed.

K. K. MITRA, Judge,
Fourth Industrial Tribunal.

The 27th July 1960.

By order of the Governor,
S. C. MUKHERJEE, Asst. Secy.

No. 4316-I.R./IR/11L-6/60.—11th August 1960.—Whereas under the Government of West Bengal, Labour Department, order No. 196-I.R./IR/11L-6/60, dated the 16th January 1960, the industrial dispute between Messrs. Dhar and Co. (P.), Ltd., Dasnagar, Howrah, and their workmen represented by the Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fifth Industrial Tribunal;

And whereas the said Fifth Industrial Tribunal has submitted to the State Government its award in the said Industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure.

ANNEXURE

In the matter of an industrial dispute between Messrs. Dhar & Co. (P.), Ltd., Dasnagar, Howrah, and their workmen represented by the Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah. (Case No. VIII—14/60.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:
Shri G. KUMAR, District Judge.

For the Company: Shri Bhanja Chowdhury, Labour Adviser, Howrah Manufacturers' Association.

AWARD

By Government order No. 196-I.R./IR/11L-6/60, dated 16th January 1960, an industrial dispute between Messrs. Dhar & Co. (P.), Ltd., Dasnagar, Howrah (hereinafter referred to as the Company), and their workmen represented by Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah (hereinafter referred to as the Union), has been referred to this Tribunal for adjudication.

The issues framed by Government are—

(1) Wages and dearness allowance.

(2) Whether the prolonged suspension of Shri Haradhan Koley is justified? To what relief, if any, is he entitled?

DECISION

The facts relevant to each of these issues will be narrated in course of the discussion which is now being taken up.

Issue No. 1

Neither in the written statement of the Union nor in that of the Company the number, the categories and the present emoluments of the workmen have been disclosed. The Company has filed a statement (Ext. S) giving names of all workers as well as their wages, etc., now prevailing. The categories of the workmen have not been given in this document but have been stated in evidence by the Manager of the Company (O.P.W. 1). From the evidence on record it appears that there are 37 workmen now employed by the Company of whom two are apprentices and the remainder includes coolies, coremen, moulders, vicemen, capstan men, fitters, firemen, mistries and planing men. Ext. S shows that to 27 workers the Company pays varying amounts of basic wage and dearness. Also it contributes monthly sums on account of Provident Fund for most of the workmen, though the Company is not bound to start Provident Fund according to the provision of the Employees Provident Funds Act, 1952, the number of its workmen being below 50. Also the Company is used to pay different amounts to the workmen on the eve of the Puja. Further the Company is also used to grant occasional increments to the workers.

Now, the demand of the Union is that the workmen should be categorised into unskilled, semi-skilled, skilled and highly skilled, as has been done by the Third Major Engineering Tribunal's award published in the "Calcutta Gazette, Extraordinary", dated 5th November 1958, pages 5413-54 (hereinafter referred to as the Third Engineering Award). The Union also claims that there should be grades and scales of pay as envisaged by the said award, and the workmen should be placed in the appropriate stages of the scales according to the length of their service and also they should be paid dearness allowance according to the said award.

The Company contends that it is a very small unit of engineering industry doing job works; yet the emoluments paid to the workers compare favourably with those of similar sister concerns in the region, and that it has no financial capacity to meet the demands of the Union as made in the latter's written statement.

At the outset, it is to be observed that the Union's demand for categorising the workmen according to the Third Engineering Award and to get wages and dearness allowances at par with the said award is not prima facie tenable in view of the fact that the Third Engineering Award relates only to concerns which employ more than 250 workers. The nomenclature of the Union in the instant case, namely, "Howrah Small Factories Workers' Union" itself shows that the Company in the instant case is not a comparable unit with the companies that were parties to the Third Engineering Award, which can be regarded as full-grown adults in comparison with the instant Company which can be taken as a straggling child. As the same amount of blood cannot be extracted from a baby as from a full-grown adult, so the workmen of the instant Company cannot justifiably expect the same wages and dearness allowance as prescribed by the Third Engineering Award for big engineering concerns. In this connection, it is to be observed that most of the small industries located in Howrah like the instant Company have gradually grown up from very small beginnings through a long span of years. These industries began almost as cottage industries and most of them remain as such, and only a very fortunate few grow up to be big concerns in course of time. If one travels through this region one would find such small factories and workshops interpersed among dwelling houses in residential quarters even. If one delves into their past history, one is apt to find that most of these concerns were started by the original proprietor without any outside workman but with the members of his family with the object of somehow eking out a livelihood, and these began functioning with a few rudimentary machines and mechanisms. It would be very unwise to place upon such concerns the financial burden envisaged by the Third Engineering Award which is likely to crush them out of existence. Even if a concern be found to be making decent profits, it should not be compelled to spend the same in paying higher wages to the workmen; rather, the question of payment of higher wages should be left to the discretion of the management who, by the by, must have to pay higher wages to workmen with higher skill for the progress of the concern, and they should be allowed to build up a suitable reserve for expansion of the business. That would be more conducive to the welfare of the concern as well as to society. It seems that in such cases the adjudicating authority is to see only that no workman gets less than the minimum subsistence wages.

In the case of the instant Company even, it is admitted by the Union that it was started about 35 years ago with about 8 or 10 workmen. So, in determining what should be the reasonable emolument to be paid by it one must not impose such amount of wages as would heavily tell upon its financial condition and jeopardise its existence or its progress, and at the same time one should not lose sight of the fact that the workmen are not paid less than the minimum subsistence wages.

In the instant case the claim of the Union to categorise the workers according to the Third Engineering Award cannot be allowed. Firstly, it is in evidence that the Company does not use any modernised machine. So, it cannot be held that it requires the services of highly skilled workers. Further, it is the unchallenged evidence of the Manager (O.P.W. 1) that none of the workmen has got any technical training. So, it is very difficult to hold whether any of them can be classified as skilled workers. It has been contended by the Union that the category of the mistries, moulders, planing men, etc. (as appear from the evidence of O.P.W. 1), are of skilled workmen. This contention of the Union cannot be accepted. If the Union really wanted that the workmen should be categorised as claimed, it should have prayed for their work being studied by an assessor for the purpose. Also the demanded categorisation is somewhat artificial or notional as will appear from the Third Engineering Award itself. At page 5431 of the "Gazette" the learned Judge who made the award observed as follows:

"Regarding the classification of workers with reference to skill, I must confess that though I may have a will, like the First Omnibus Engineering Tribunal, yet I do not find the way. To make the matter more complex, not only skill is involved, but length of service, physical and mental strain, effort, etc., are required to be studied. The matter becomes well nigh impossible when I point out that the same worker finds his place among the semi-skilled and the skilled groups; for instance, a turner, a fitter, a moulder, etc., find a berth in any of these categories. There are also varieties of skill in different industries, and perhaps, in the same industry. So, even for an expert body the work of classification may very well be taken to be an impossible task, let alone for a non-technical Tribunal like myself. I also recognise, as pointed out, that the conventional classification of semi-skilled, skilled and highly skilled does no longer hold good. "Skill" has been transferred from the man to the machine. Man is appraised by his manipulative powers to operate a machine."

So, it is now to be seen whether the Company is paying adequate and subsistence wages to the workmen individually. Here it is to be observed that in his evidence the President of the Union (P.W. 1) has spoken of several awards and bi-partite agreements between some companies situate in the same region and their workmen, but no award or agreement has been produced in this

case except one agreement (Ext. 1). P.W. 1 has not been able to say if the financial condition of the present Company compares favourably with the company which was a party to Ext. 1. The company of Ext. 1 appears to be employing about 55 workmen of different categories and the highest paid of them is to get a consolidated wage of Rs. 122-14 with effect from 1st June 1957, while the highest paid workman of this Company, Shri Harekrishna Mondal, serial No. 1 of the list (Ext S), is getting Rs. 165 as total wages from 1st January 1958, and besides this amount the Company contributes Rs. 10.50 nP. per month towards his Provident Fund and has been paying him at rate of about Rs. 12 per month on the eve of Puja, presumably on account of bonus. One workman gets Rs. 150, another Rs. 142, 7 get between Rs. 112 and Rs. 100, 11 get between Rs. 99 and Rs. 76. So, it seems that the present wage structure prevailing in the instant Company should not be disturbed except in cases of workmen who are not getting the minimum subsistence wage which is to be presently discussed and determined. Also the Company's practice of granting periodical increments to the workmen as and when necessary is not required to be disturbed, and no fixed grade and scale of pay should be prescribed because the financial condition of the Company will not justify such a course; for it appears from the audited balance-sheets of the Company for the years from 1955 to 1957 that it made very small profits in those years, viz., Rs. 393, Rs. 6,832-13-9p. and Rs. 11,915-10 respectively. These profits were subject to income-tax. The accounts of the Company for the years 1958 and 1959 have not been audited as yet, but the Manager (O.P.W. 1) has said that the profits in 1958 was less than that in 1957, and there is no reason to disbelieve his evidence. In view of this financial position of this Company, it will not be just and prudent to enforce pay-scale for the workers. So, it is awarded that the present emoluments that are being paid to the workmen named in the Ext. S will not be disturbed except in cases of those who are not getting the minimum subsistence wages to be determined presently.

The minimum basic wages for an unskilled worker fixed by the Third Engineering Award was Rs. 35 and the minimum dearness allowance was fixed at Rs. 36 for such a worker with the object of meeting the rise in the cost of living index. The learned Judge of the Tribunal gave reasons for fixing these minima, but it cannot be held that these minima are the only lowest subsistence wages that are payable to a worker. For in some other major awards different rates of minimum subsistence wages have been fixed at or about the time when the Third Engineering Award was made, for example, in the Cotton Textile Awards (vide "Calcutta Gazette, Extraordinary", dated 10th June 1958, page 2029), the total of the minimum basic wage and dearness allowance fixed is Rs. 60.67 nP. In the latest major Jute Textile Awards the total minimum wage has been fixed at Rs. 67.17 nP.

These minimum wages fixed by all these awards including the Third Engineering Award have come to stay for the present. So one cannot lay one's fingers on one of these awards and say that the minimum fixed by that award is the only minimum subsistence wages. Thus the Union in this case cannot, as a matter of right, claim that the minimum subsistence wages as fixed by the Third Engineering Award should be given to them. The minimum subsistence wages fixed by the different Tribunals as stated above indicate that this minimum is to be fixed according to the nature and capacity of the industry concerned; for if different Tribunals had worked out minimum subsistence wage according to the actual requirements of a workman and of the two units dependant upon him, then there would not have been these variations in the rates; for, it cannot be conceded that a workman in the Cotton Textile Industry and his dependants require a lesser quantity of food and clothing, etc., than that of a workman of an Engineering Industry. On a consideration of all these facts and circumstances as well as the financial condition of the Company and the other emoluments it is used to pay to its workmen, it is held that Rs. 33 should be the minimum basic wage and Rs. 33 should be the minimum dearness allowance to be paid to the workmen by the Company for the present as minimum subsistence wages. In other words, the Company is to pay a total of Rs. 66 as minimum subsistence wages to its workmen.

It appears from Ext. S that to some of the workmen the Company is paying more basic wage than the minimum basic wage and more dearness allowance than the aforesaid minimum dearness allowance, while in some cases the amount of dearness allowance paid by the Company is less than the amount fixed above. Again in some cases, both the amounts of basic wage and dearness allowance are less than what has been fixed above, and in the case of some of the workmen to whom consolidated wages are paid the amounts are below the total subsistence wages fixed above. For the sake of uniformity, it is awarded that the wages paid at present at consolidated rates should be split up into basic wages and dearness allowance. The workmen involved will be serial Nos. 28 to 37 of Ext. S. They would get Rs. 33 as basic wage and Rs. 33 as dearness allowance in the minimum. The extra amounts which the Company is now paying to some of them over and above their consolidated pay, as will appear from Ext. S, should be merged in their present wages. If by the merger the total wages of any of these workmen come up to more than Rs. 68, the excess over Rs. 68 should be allocated to his basic wage when spliting is made.

The basic wage of the remaining workers should be pulled up to Rs. 33 where it is less than that, and also the dearness allowance of the workmen who are now getting it at less than Rs. 33 should be paid at the rate of Rs. 33 per month, even though they are getting basic wages at a rate higher than Rs. 33.

Though the employers' contribution to the Provident Fund as well as other emoluments paid voluntarily to the workmen by the Company and the practice of granting ad hoc periodical increments are not subject matters of this dispute, it is expected that the Company will continue to pay the same and should extend these amenities to all workmen, which at present is not being so done as will appear from the said Ext. S. Further the amenities should be given according to some

fixed principles, so that there may not be any scope for discriminatory treatment on the part of the Company or heart-burning amongst the workmen.

Lastly, it is added as a rider that this award will not affect the amount of basic wage and dearness allowance paid at present to the workmen except in cases of those specifically mentioned above. For the purpose of avoiding ambiguity, a list of workmen together with the basic wage and dearness allowance they would get after this award comes into force is appended to it as Annexure A.

Issue No. 2

Shri Haradhan Koley was a workman of the Company. He was served with a charge-sheet (Ext. D) on 10th April 1959. The charges were very serious consisting of gross dereliction of duties, and incitement of other workmen to slowdown. It is admitted that the charges were enquired into by a Director of the Company on different dates, and lastly by an officer of the Howrah Manufacturers' Association. It is admitted by Haradhan (P.W. 2) that he attended the sittings of the enquiry and he was served with a carbon copy of the proceedings.

The Union's case is that Haradhan has been kept under indefinite suspension and this is unjustified, while the Company's case is that Haradhan was dismissed by the Company by a letter, dated 20th August 1958 (Ext. R), with effect from the date of suspension and that the letter of dismissal was sent to Haradhan under Certificate of Posting and also he was verbally intimated of his dismissal by the Manager (O.P.W. 1) as well as by Shri Bhanja Chowdhury, an officer of the Howrah Manufacturers' Association who also had taken part in the enquiry.

It is stated by Shri Haradhan (P.W. 2) that he was never dismissed and intimated of the alleged dismissal. It is difficult to understand why the Company would invent the false story of dismissal after serving Shri Haradhan with the charge-sheet and holding an enquiry against him on different dates. There is no reason to disbelieve the fact that Haradhan was actually dismissed by the Company and a letter of dismissal was sent to him under Certificate of Posting (Ext. R-1). Also the Manager (O.P.W. 1) says that Haradhan was personally intimated by him of the fact, and there is no reason to disbelieve the former's evidence. Lastly, Haradhan (P.W. 2) has been constrained to admit in his cross-examination that Shri Bhanja Chowdhury, the aforesaid officer of the Howrah Manufacturers' Association, had told him about the dismissal and asked him to accept the same on receipt of some amount as compensation, to which he did not agree.

In view of the evidence discussed above, it is to be held that the dismissal of Haradhan is a fact. The issue framed by Government in the order of reference which is dated 16th January 1960 is not for Haradhan's dismissal. So, it is not necessary for the Tribunal to adjudicate whether the dismissal was justified or not.

It is evident that Haradhan had been suspended along with the service of charge-sheet upon him pending enquiry, and as the enquiry resulted in his dismissal, the suspension must be held to be justified and cannot be regarded as a punishment, separate from the final action of the Company, namely, dismissal, and so the suspension by itself cannot form the subject matter of an industrial dispute to be adjudicated separately from the action of dismissal. As a result, it is held that the suspension of Haradhan was justified and he is entitled to no relief on that account.

This is the award of the Tribunal.

In the matter of an industrial dispute between Messrs. Sodepore Cotton Mills Ltd., Sodepore, 24-Parganas, and their workmen represented by Sodepore Cotton Mill Workers' Union, House of Lala, Station Road, P.O. Sodepore, 24-Parganas. (Case No. VIII-44 of 1960.)

For the Company: Shri N. K. Mukherji, Advocate.

AWARD

By order No. 565-I R./IR/8L-16/59, dated 15th February 1960, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Sodepore Cotton Mills Ltd., Sodepore 24-Parganas, and their workmen represented by Sodepore Cotton Mill workers' Union, House of Lala, Station Road, P.O. Sodepore, 24-Parganas, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Compensation in lieu of casual leave.

The reference was received from the appropriate Government by this Tribunal on 20th February 1960. Notices were duly served upon the parties. The Union, namely, Sodepore Cotton Mill Workers' Union, representing the workmen of the Company, Messrs. Sodepore Cotton Mills Ltd., filed its written statement on 16th March 1960. The Company filed its writen statement on 3rd May 1960. The case was fixed on 18th June 1960 for hearing which was finally adjourned to 25th July 1960. On that date the hearing was taken up, evidence was gone into, documents were marked, arguments were heard and award was reserved.

Findings

The only issue under this reference is "compensation in lieu of casual leave.".

It is an admited fact that the Company, namely, Messrs. Sodepore Cotton Mills Ltd., was started in 1953, i.e., after the First Cotton Textile Tribunal Award of 1948. This Company and the present Union were parties to the Second Omnibus Cotton Textile Tribunal Award which was published in the "Calcutta Gazette, Extraordinary", dated 10th June 1958. The issue No. 6 in the reference which led to the Second Cotton Textile Award of 1958 was regarding leave and holidays. Paragraph 11(5) of the award under the said issue related to casual leave. The award made by the Second Omnibus Cotton Textile Tribunal as published at page 2088 of the "Calcutta Gazette, Extraordinary", dated 10th June 1958, was as follows:—

"(1) Manual and clerical workers within the meaning of the Factories Act shall not be allowed any casual leave with pay as before. They shall, however, be entitled to casual leave without pay as in the case of the jute workers for 10 days in a year.

(2) The clerical employees employed in the office shall get casual leave with pay for 10 days in the year.

(3) The other manual and clerical employees, that is to say, those employees who are not workers within the meaning of the Factories Act and are not clerical employees in the office, shall not get any casual leave with pay as before, but shall get casual leave without pay for 10 days in the year.

Those employees who are deprived of the existing benefit of casual leave with pay by this award, shall get a lump payment of 10 days' wages who used to get 10 days' casual leave and 6 days' wages for those who used to get 5 days' casual leave by way of compensation for withdrawal of the benefit of casual leave with pay, with effect from the date of the operation of this award. This lump payment shall be made to the workers concerned 15 days before the Pujas and shall be calculated at the rate at which the worker was being paid in the month of August of the calender year for which this payment is made."

There was a reference under section 36A of the Industrial Disputes Act for interpretation and clarification of certain provisions in the award, dated 10th June 1958, including the provision relating to the casual leave and the tribunal gave its decision which was published in the "Calcutta Gazette, Extraordinary", dated 28th September 1959. It was observed by the learned Tribunal that the award of 1958 covers all employees in the industry mentioned in paragraph 11(5) of the award of 1958 and all employees in the categories (1) and (3) in the said paragraph shall be paid a lump sum payment in lieu of casual leave as mentioned in this paragraph according to these provisions. The notice of that reference for interpretation and clarification of the award of 1958 was issued upon all the parties to the award of 1958 and the present Union, namely, the Sodepore Cotton Mills Workers' Union, appeared and filed a written statement in that reference.

The case of the Union is that under the terms of the Second Cotton Textile award of 1958 and subsequent interpretation and clarifications of the same regarding the casual leave as per reference under section 36A of the Industrial Disputes Act as published in the "Calcutta Gazette, Extraordinary", dated 28th September 1959, all the workmen employed under the present Company are entitled to compensation in lieu of casual leave under the provisions as contained in paragraph 11(5) under issue No. 6 of that award of 1958. It is a further case of the Union that the Company has refused to pay this compensation to the workmen of the Company including clerks and manual workers as represented by the present Unoin and that this has led to the present reference. The Union, therefore, prays that the clerical staff of this Company may be allowed compensation equivalent to 10 days' wages in lieu of casual leave and that the manual workers may be allowed compensation equivalent to 6 days' wages in lieu of casual leave.

The contention of the Company against this claim of the Union is two-fold, namely, (1) on the point of law and (2) on merits. So far as the point of law is concerned, the Company's contention is that the present reference under section 10 of the Industrial Disputes Act is bad in law and not maintainable inasmuch as the dispute raised is not an industrial dispute. According to the Company the award of 1958 and the subsequent clarification of the same made by the same Tribunal in 1959 regarding casual leave are not applicable to the workmen of the present Company on three grounds, namely, (1) that this Company was not a party in the first award of 1948, (2) that this Company was not a member of the Bengal Mill Owners' Association on whose contentions being considered by the learned Tribunal the award of 1958 regarding casual leave was given and (3) that the workmen employed under the present Company were not in enjoyment of the benefit of casual leave with pay as an existing benefit before the award, dated 10th June 1958. On the other hand, the stand taken by the Union is that the Company and its workmen are bound by the aforesaid award of 1958 and the subsequent clarification. It is, therefore, argued on behalf of the company that if there is any doubt regarding the applicability of the said award regarding casual leave to the workmen of the present Company the proper remedy for the workmen lies not by a reference under section 10 of the Industrial Disputes Act but by a reference under section 36A of the Industrial Disputes Act to the Tribunal concerned for further clarification of the award with respect to its applicability to the workmen of the present Company. It is argued in the second place by the Company that even if it is taken for granted that the said award and its clarification regarding casual leave are binding upon the Company and its workmen and that the workmen of the present Company are entitled under the said award and its clarification to compensation in lieu of casual leave according to the provisions of the award of 1958 as contained in paragraph 11(5) at page 2088 of the award published on 10th June 1958 in the "Calcutta Gazette, Extraordinary"—the remedy for the workmen lies not by a reference under section 10 of the Industrial Disputes Act but by a proceeding under section 33C of the said Act for recovery of the compensation money due by the workmen from the present Company. Thirdly it is argued on behalf of the Company that the award of 1958 is still in force and has not been terminated by a written notice on either side under section 19(6) of the Industrial Disputes Act.

To these arguments the reply on behalf of the Company is that the question of termination of the said award does not arise because the issue which awaits adjudication in this reference is not the same as issue No. 1—leave and holidays of the award of 1958. In the award of 1958 this issue relating to casual leave was for grant of casual leave for a number of days with full pay. The Tribunal decided that two of the categories of workmen as mentioned in clauses (1) and (3) of paragraph 11(5) shall not be allowed any casual leave with pay. But those employees who are deprived of the existing benefit of casual leave with pay by the said award who get a lump payment of 10 days' wages who used to get 10 days' casual leave and 6 days' wages for those who used to get 5 days' casual leave by way of compensation for withdrawal of the benefit of casual leave with pay, with effect from the date of the operation of the award of 1958. It is, therefore, clear that the present issue is not the same as the issue No. 6 of the award of 1958 and there is no question of reagitation of the said issue by the workmen before this Tribunal. It is further argued on behalf of the Union that under the award of 1958 and its subsequent clarification as published in the "Calcutta Gazette, Extraordinary", dated 28th September 1959, the workmen of the present Company have become entitled to compensation in lieu of casual leave withdrawn by the said award of 1958 and that this has become a condition of service for the workmen of this Company and as the Company has admittedly refused to pay compensation in lieu of casual leave to the workmen of the present Company on demand, the dispute has become an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act wherein the industrial dispute is defined to mean any dispute between employers and workmen which is connected with employment or non-employment or terms of employment or with conditions of labour.

I have carefully gone through the award of 1958 and its subsequent clarification in 1959. It is an admitted fact that the present Company and the Union were parties to the said award and the proceeding for clarification of the same under section 36A of the Industrial Disputes Act. That clarification is a settler on the point. If paragraph 12 to 15 and 22 of the clarification decision as published in the "Calcutta Gazette, Extraordinary", dated 28th September 1959, are read between the lines there remains no scope or room for doubt as to the decision of the Tribunal on the question of compensation in lieu of casual leave to the workmen. The Tribunal clearly proceeded on the footing that all the workmen in the industry as a whole enjoyed the casual leave with pay for five days before the award of 1958. It further laid down that it clearly understood by the expression "those employees who are deprived of the existing benefit of casual leave with pay" by this award, i.e., award of 1958 the employees mentioned immediately above the sentence in sub-paragraphs (1) and (3) of paragraph 11(5) of the award of 1958. The Tribunal has, therefore, clearly decided as to which of the employees of the Cotton Textile Industry as a whole will receive the benefit of compensation in lieu of casual leave with pay withdrawn by the award of 1958 and whether they will get this benefit every year before the Pujas. The Tribunal has answered both these points in the affirmative laying down that all the employees in the industry as a whole mentioned in paragraph 11(5) of the award of 1958 will be covered by this privilege and that all the employees in the categories (1) and (3) in the said paragraph shall be paid lump sum payment in lieu of casual leave as mentioned in that paragrph according to its provisions. So it is too late in the day for the Company to say that the award of 1958 and subsequent clarification are not applicable to the company and its workmen on the grounds that the Company was not a party to the award of 1953 or that it was not a member of the Bengal Mill Owners' Association which put forth its objection regarding existence of casual leave before the Tribunal giving the award of 1958 or that the workmen were not in enjoyment of casual leave with pay as an existing benefit before the award of 1958, dated 10th June 1958. All these points must be taken to have been considered by the learned Tribunal when it came to the definite decision that it proceeded on the footing that all the workmen in the industry as a whole enjoyed the casual leave with pay for 5 days before the award of 1958 and that the concession of compensation in lieu of casual leave is applicable to the categories (1) and (3) of paragraph 11(5) of the award of 1958 It must, therefore, be taken as settled by the award of 1958 and its clarification in 1959 that all the workmen in the Cotton Textile Industry as a whole were in enjoyment of casual leave with pay for five days before the award of 1958, dated 10th June 1958, and that the workmen (including clerical and manual workers of the present Company) who clearly fall within the categories (1) and (3) of paragraph 11(5) of the award of 1958 are entitled to the benefit of compensation equivalent to 6 days' wages in lieu of casual leave. This has become a condition of service with the employees of the present Company by virtue of the aforesaid award of 1958 and its subsequent clarification in 1959 and as the Company has admittedly refused to pay this compensation to the workmen of this Company—on demand it has created a dispute regarding the condition of service of the workmen which is, therefore, an industrial dispute within the meaning of section 2(k) read with item No. 3 of the fourth schedule of the Industrial Disputes Act, the compensation in lieu of casual leave being a compensatory allowance within the meaning of condition of service. I, therefore, accept the argument on behalf of the Union that the dispute as raised in the present reference is an industrial dispute and I find accordingly. As such, I hold that this Tribunal has jurisdiction to entertain and adjudicate upon the reference, and that the present reference is not bad in law. This is my answer to the 1st item of legal objection raised by the Company.

With regard to the other two objections I must say that there having been final clarification of the expression "compensation in lieu of casual leave" in the decision of the Tribunal concerned as published in "Calcutta Gazette, Extraordinary", dated 28th September 1959, there is no scope for further clarification of the award of 1958 read with its clarification in 1959 which was made in presence of the present Union and after due notice to the present Company.

The Union is not in a position to resort to a proceeding under section 33C of the Industrial Disputes Act inasmuch as the Company does not admit the eligibility of its workmen to the compensation in lieu of casual leave as per award of 1958 and its clarification of 1959. Accordingly I negative all the legal objections raised on behalf of the Company and give effect to the position taken up by the Union and hold that the present dispute is in substance and to all intents and purposes, an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act and that this Tribunal has jurisdiction to adjudicate upon this reference and that the reference is not bad in law.

With regard to merits the Company's case is that the workmen who certainly include the clerical staff as well as the manual workers in view of the definition of "workman" given in section 2(s) of the Industrial Disputes Act were not in enjoyment of any casual leave with pay before the award of 1958 and that as such they were not deprived of any existing benefit of casual leave with pay by the award of 1958. The Company has tried to prove this by his witness D.W. 1 Shri Ramsauri Banerji and by leave register Exts. A and A/1. On behalf of the Union one witness P.W. 1 Shri Narayan Chandra Sen a manual worker, has been examined to say that the manual workers used to get 7 days' casual leave with pay in a year previously. Be that as it may, this evidence is no longer material in view of the definite decision of the Tribunal in its clarification of 1959 that it proceeded on the footing that all workmen, i.e., clerical staff and the manual workers in the Cotton Textile Industry as a whole were in enjoyment of casual leave for 5 days with pay before the award of 1958. So, it must be taken that the clerical staff and the manual workers of the present Company were in enjoyment of casual leave for 5 days with pay before

the award of 1958 which has deprived them of this benefit and as such under the terms of that award and its subsequent clarification in 1959, the clerical staff as well as manual workers of the present Company are entitled to compensation equivalent to six days' wages in lieu of casual leave for five days every year which is to be paid to them according to the directions of the Tribunal in its award of 1958 and its subsequent clarification in 1959.

I, therefore, award that the clerical staff and the manual workers of the present Company are entitled to and shall be paid by the Company, compensation equivalent to 6 days' wages every year before the Pujas with effect from the date of the operation of the award of 1958 as per directions contained in the said award and in its subsequent clarification as published in the "Calcutta Gazette, Extraordinary", dated 28th September 1959.

This is my award.

Other conditions remained unchanged.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General Instructions to candidates applying in response to advertisements issued by the Commission for recruitment to posts by "Selection".

(1) **Instructions regarding submission of application.**—Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the same form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

(2) **Particulars and certificates required.**—Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

(3) **Fee.**—Candidates must enclose with their applications a fee of Rs. 5 (for each category of posts) in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXXVI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal orders, however, may be accepted from candidates. They should be crossed and made payable to "The Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers. In no case will the fee paid with the application be refunded.

The Commission may remit fee in case of genuinely indigent and bona fide displaced persons from Pakistan.

Note.—"(i) A displaced person claiming age concession must furnish with his application satisfactory evidence that he is a bona fide displaced person from Pakistan, e.g., refugee registration card or a certificate from a gazetted officer or a Member of Parliament or State Legislature, in original.

(ii) A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a gazetted officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

(iii) A displaced person seeking remission of the application fee must furnish besides the evidence required under Note (i) above a certificate (in original) from a District Officer or a gazetted officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee."

(4) **Address.**—Candidates should give their present address and should communicate at once any subsequent change of address.

(5) **Canvassing.**—Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

(6) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or statutory body should submit an advance copy in the prescribed form. The application fees should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

ANNEXURE

In the matter of an industrial dispute between Shri Purna Chandra Das, a contractor of Messrs. Bharat Steel Co., Kali Mazumder Road, Salkia, Howrah, and one of his workmen named in the issue below represented by Iron and Steel Workmen's Union, 63 Shiva Gopal Banerjee Lane, Ghusury, Howrah. (Case No. VIII-C-147 of 1959.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Union: Shri Robin Bhattacherjee, Secretary.

For the Company: Shri P. K. Nandy, Advocate.

By order No. 2017-I.R./IR 10L-74/59, dated Calcutta, the 12th May 1959, Government of West Bengal, Labour Department, referred an industrial dispute between Shri Purna Chandra Das, contractor of Messrs. Bharat Steel Co. and one of his workmen represented by Iron and Steel Workmen's Union, to the Second Labour Court for adjudication regarding the issue mentioned in the order of reference.

Issue

Whether the termination of employment of Shri Brindaban Jana is justified? To what relief, if any, is he entitled?

The case of the Union, briefly stated, is as follows:

Shri Brindaban Jana, the workman in question, became an employee of Shri Purna Chandra Das, a contractor of Messrs. Bharat Steel Company on 1st April 1956. He served under the above contractor continuously for one year and seven months; thereafter he approached the contractor for

an increment of his wages on the ground that the latter compelled him to work for 9½ hours instead of 8 hours a day. Thereupon the contractor behaved roughly with him and discharged him verbally on 9th October 1957. Thereafter the matter was referred to the Assistant Labour Commissioner, Howrah, before whom it was settled on 7th August 1958 that the workman in question would be taken back in employment. In accordance with the settlement the workman went to the factory on the next day to resume work, but the contractor refused to take him back in violation of the settlement arrived at on 7th August 1958 before the Assistant Labour Commissioner, Howrah. This was reported to the Assistant Labour Commissioner who enquired of the contractor by his memorandum No. 3897/2/Howr., dated 19th July 1958, why the worker had not been taken back in employment. The contractor gave no reply to that memorandum nor did he take back the workman in question.

The case of the contractor, in brief, is as follows:

The contractor was doing the work of manufacturing buckets on contract for Messrs. Bharat Steel Company. His contract with the above company was not of a permanent nature. Whenever the company gave him a contract for manufacturing buckets, he used to employ workers to do the work and as soon as that work was over, the employment of the workers under him automatically ceased. When he got the next contract, he again called back his workmen and used to do that work. He had no fixed complement of workmen; he used to employ about 14 to 20 men to do the job according to the nature of the contract. So the contractor denies that there is any relation of master and servant between him and the workman and as such he contends that the present dispute is not an industrial dispute. He also denies that Shri Brindaban Jana worked under him for one year and seven months, that he behaved roughly with the worker and terminated his service on 9th October 1957 or that he agreed before the Assistant Labour Commissioner, Howrah to take back the workman for employment. His version as to what took place before the Assistant Labour Commissioner is that he agreed to engage the workman in question when he required his services next time. Accordingly he asked the workman to come for work in the month of November 1958; but the workman Shri Brindaban Jana did never come back to him for employment. The contractor also asserts that Shri Brindaban Jana left his employment of his own accord on 9th October 1957.

DECISION

So the first point for determination is whether there is a relationship of master and servant between the contractor and the workman in question The contractor has admitted that he engaged the workman in question from time to time; the only contention of the contractor is that the workman was not in continuous employment. This only leads to the conclusion that the workman was in temporary employment; but this is not contrary to the relationship of master and servant between them. So I hold that there is no substance in the contention of the contractor that there is no relationship of master and servant between him and the workman in question. So I hold that this is an industrial dispute.

The next question is whether Shri Brindaban Jana left his employment of his own accord or his services were terminated by the contractor. Both sides have adduced evidence. The oral evidence is not conclusive on the point whether Shri Brindaban Jana left the job of his own accord or his employment was terminated. But it is difficult to understand why Shri Brindaban Jana should give up employment. Moreover, the circumstances of the case and specially, the letter of the Assistant Labour Commissioner, to the contractor lead to the conclusion that Shri Brindaban Jana did not give up the job of his own accord. So I hold that the contractor terminated his service.

The next question is whether such termination is justified. The Union has examined only one witness, viz., the workman in question in support of its contention that the workman in question worked continuously for one year and seven months. But both the contractor and the Manager of Bharat Steel Company have deposed to the effect that the work of Shri Purna Chandra Das is of a temporary nature. So he cannot possibly have a permanent complement of workmen under him. I find no reason to disbelieve the evidence of the above two witnesses. Moreover there is one pertinent question on this point. Why should the contractor terminate the employment of Shri Brindaban Jana? Shri Brindaban Jana tries to give the reply by saying that he is leader of the Union but he cannot tell the registration number of the Union. Moreover he has not produced any evidence to show that he is even an ordinary member of the Union. So his suggestion that his services were terminated on account of his leadership of the Union is untenable. In view of the above consideration I hold that Shri Brindaban Jana was a casual employee under Shri Purna Chandra Das, contractor. If the job for which the contractor had engaged Shri Brindaban Jana was over and if the contractor did not have any work immediately on hand, it cannot be expected that the contractor would continue to pay the workman his wages for no work.

In view of the above findings, I hold that the termination of employment of Shri Brindaban Jana is justified. As such, he is entitled to no relief.

AWARD

By Government order No. 2889-I.R./IR/11L-159/59, dated 2nd July 1959, an industrial dispute between 12 Dal Mills as per list appended to the order of reference and their jamadars, durwans, bill-collector, drivers, lorry mazdoors, munibs and weighing sircars represented by the West Bengal Confectionery and Food Products Mazdur Union, 90 Lower Chitpur Road, Calcutta-7 (hereinafter referred to as the Union), has been referred to this Tribunal for adjudication. For the purpose of brevity, the Companies named in the aforesaid list will be referred to by their serial numbers, for example, Company No. 1, Company No. 2 and so on.

The following is the list of Companies appended to the order of reference:—

(1) Messrs. Ashok Trading Co., 18 Foreshore Road, Ramkrishnapur, Howrah,

(2) Messrs. Azad Hind Dal Mill, 9/1 Foreshore Road, Ramkrishnapur, Howrah,

(3) Messrs. Ram Krishnapur Dal Mill, 10 Foreshorer Road, Ramkrishnapur, Howrah,

(4) Messrs. Rajasthan Trading Co., 4 Cross Street, Ramkrishnapur, Howrah,

(5) Messrs. Bharat Milling Industry, 58 Foreshore Road, Ramkrishnapur, Howrah,

(6) Messrs. Shreeram Dal Mills, 15 Strand Road, Ramkrishnapur, Howrah,

(7) Messrs. Janata Dal Mills, 1 Cross Road, Ramkrishnapur, Howrah,

(8) Messrs. Radhesyam Food Products, 6 Foreshore Road, Ramkrishnapur, Howrah,

(9) Messrs. Shri Gopal Trading Co. 8/1 Haradutt Chamaria Road, Howrah,

(10) Messrs. Gopal Dal Mill, 145 Foreshore Road, Ramkrishnapur, Howrah,

(11) Messrs. Swatantra Bharat Dal Mills, 24 Ramkrishnapur Ghat Road, Ramkrishnapur, Howrah,

(12) Messrs. Shree Annapurna Trading Co., 9 Chintamoni Dey Bathing Ghat Road, Ramkrishnapur, Howrah, and

[12(a)]. Messrs. Krishna Kumar Dal Mills, 1 Cross Road, Ramkrishnapore, Howrah.

In course of the proceedings, the Company No. 12 filed a written statement that it has been sold to Shree Krishna Kumar Dal Mill, 1 Cross Road, Ramkrishnapur, Howrah. This sale has not been challenged by the Union. So, the purchaser Company has been added as Company No. 12(a) to the aforesaid list.

The following issues have been framed by Government:—

(1) Grades and scales of pay, (2) Leave, (3) House rent, (4) Bonus for 1957-58, (5) Gratuity and (6) Working hours.

DECISION

In course of the proceedings, Companies Nos. 1, 2, 11 and the Union have filed a joint petition of compromise on 25th May 1960 regarding all the issues. Also Companies Nos. 4, 7, 8, 9 and the Union have filed another joint petition of compromise on 11th February 1960 regarding all the issues. Further, the Union has filed a petition on 14th June 1960 stating that it has no dispute in regard to Companies Nos. 5 and 10. At the time

of hearing on 27th July 1960 the Union has admitted the contention of the added Company No. 12(a) that there is no dispute between it and its workmen of the categories mentioned in the order of reference.

As a result, a 'no-dispute' award is to be made in regard to Companies Nos. 5, 10, 12(a) as well as No. 12, and an award in terms of the compromise petitions aforesaid will have to be made in regard to Companies Nos. 1, 2, 4, 7, 8, 9 and 11.

Thus the dispute remains to be considered only in respect of Companies Nos. 3 and 6.

The case of the Company No. 3 is that it has been closed for good on and from 31st March 1960. So, there cannot be any subsisting dispute for adjudication between it and its workmen. The Union has accepted the closure so far as this case is concerned, but reserved its right to raise a dispute regarding the alleged closure; however, the Union has pressed issue No. 4 regarding bonus for 1957-58.

As regards Company No. 6, it has not entered appearance in this case though duly served with notice. So, the Union has pressed all the issues against this Company ex-parte.

Issue No. 4—Bonus for 1957-58

From the facts stated above, it will appear that this issue is to be decided only in respect of Companies Nos. 3 and 6.

No workman of these Companies has been examined in this case. The Union has examined one Shri Jagannath Missir (P.W. 1) who had never been in the employ of these two Companies. However, his evidence by itself demolishes the Union's claim for bonus against these two Companies. For, he has categorically stated that he does not know what were the profits made by these two Companies in 1957-58. Here it is to be observed that the initial onus for proving the available surplus lies on the party which claims the bonus. The Union which has made this claim in this case has signally failed to discharge this onus. So, the onus does not shift to the Companies to prove that there was no available surplus for distribution as bonus to the workmen. It is to be noted that in the instant case the Union had called for the account books, etc., of the Companies for the relevant year in question which were produced by them, but the Union neglected to inspect the same. The proprietor of the Company No. 3 (O.P.W. 1) has stated in his evidence that his Company incurred a loss of about Rs. 15,000 to Rs. 16,000 in the year 1957-58, but inspite of that the workmen were paid one month's wages as bonus for the year, and there is no reason to disbelieve his evidence.

As a result, it is held that the Union's claim for bonus for the year 1957-58 against Companies Nos. 3 and 6 has not been proved, and is altogether groundless, and is therefore rejected.

Now the only matter remaining for consideration consists of issues Nos. 1, 2, 3, 5 and 6 against the absent Company No. 6. These issues are taken up together for the sake of convenience.

None of the Workmen of Company No. 6 has been examined in this case by the Union. The only evidence consists of the oral testimony of the aforesaid P.W. 1. He has not stated what are the prevalent conditions of service regarding the issues under discussion. In view of this paucity of evidence on the side of the Union which has to discharge the onus of proving its claim regarding the same, the demands made are liable to be rejected. However, the aforesaid two petitions of compromise may be considered as good evidence for the purpose of a proper decision of these 5 issues regarding the absent Company No. 6. For, the Companies which have made the compromise are situate in the same region as Company No. 6 and it may be presumed that they all function under similar conditions and circumstances.

From the compromise petitions aforesaid it appears that no grades and scales of pay have been fixed, but the workmen have been given ad hoc increments of varying amounts. There are only 3 workmen in Company No. 6 of the categories mentioned in the order of reference. One is a jamadar-cum-durwan-cum-weighing sircar, another is a bill-collector and the third is a munib as proved by P.W. 1. From the said petitions of compromise it will appear that all these categories of workmen have been granted an ad hoc increment of Rs. 10 irrespective of their present wages provided they have completed 12 months' continuous service. So, it is awarded that the aforesaid 3 workmen of Company No. 6, namely, jamadar-cum-durwan-cum-weighing sircar, bill-collector and munib will get an ad hoc increment of Rs. 10 per month each irrespective of their present wages from the date of the publication of this award provided each has put in 12 months' continuous service by the date of publication of this award.

In both the petitions of compromise, the Companies have agreed to give one month's privilege leave with pay per year to the permanent workmen (the qualification of permanency being 240 days' continuous service) of the categories mentioned in the order of reference, and that if any such workmen desires pay in lieu of leave without enjoying the same, the payment shall be made. This seems to be a fair term and there is no reason why this will not apply also to the workmen of Company No. 6. Hence, it is awarded that Company No. 6 is to allow one month's privilege leave with pay per year to the permanent workmen (the qualification of permanency being 240 days' continuous service) of the categories mentioned in the order of reference, but if any workman desires payment in lieu of the leave or any portion thereof without enjoying the same, he should be paid in cash a sum equivalent to his wages for the unenjoyed privilege leave or any portion thereof. This provision regarding privilege leave will be operative from the beginning of the current financial year of the Company. No privilege leave prior to that can be claimed by its workmen.

It has been stipulated in the aforesaid petitions of compromise that the workers involved in this reference will be given 7 days' festival holidays in a year. In view of this, it is awarded that the workers of Company No. 6 will be allowed 7 days' festival holidays with pay, and this provision will

come into effect from the commencement of the current financial year of this Company.

In the petitions of compromise, no relief has been provided for the workmen regarding issues 3, 5 and 6. So, it is awarded that the workmen of Company No. 6 will not get any house rent or gratuity, and the working hours will be the same as now prevalent in that Company.

Summary of the award

(1) A 'no-dispute' award is made in respect of Companies Nos. 5, 10, 12 and 12(a).

(2) A 'no-dispute' award is made in respect of Company No. 3 relating to the issues under dispute excepting issue No. 4, i.e., bonus for 1957-58 which is pressed by the Union, but the claim under this issue is disallowed on contest.

(3) An award be passed in regard to Companies Nos. 1, 2, 4, 7, 8, 9 and 11 on compromise, and the petitions of compromise, namely, that dated 25th May 1960 between Companies Nos. 1, 2 and 11 and their workmen, and the other, dated 11th February 1960 between Companies Nos. 4, 7, 8 and 9 and their workmen do form part of the award as annexures A and B.

(4) Regarding Company No. 6 against which the reference has been heard ex-parte, it is awarded that the 3 workmen as proved by P.W. 1, namely, jamadar-cum-durwan-cum-weighing sircar, bill-collector and munib do get an ad hoc increment of Rs. 10 each per month irrespective of their present wages with effect from the date of publication of this award provided each of them has completed 12 months' continuous service by the said date.

The claim of the workmen of Company No. 6 regarding grades and scales of pay is disallowed, and the claim for bonus for 1957-58 is rejected. The workmen will not get any house rent or gratuity, and the working hours will be the same as at present.

Company No. 6 is directed to allow one month's privilege leave with pay per year to its permanent workmen (the qualification of permanency being 240 days' continuous service) of the categories mentioned in the order of reference, but if any workman desires payment in lieu of the leave or any portion thereof without enjoying the same, they should be paid in cash a sum equivalent to their wages for the unenjoyed privilege leave or any portion thereof. This provision regarding privilege leave will be operative from the beginning of the current financial year of the Company. The Company No. 6 is further directed to grant 7 days' festival holidays with pay to the said worker and this provision will come into force from the commencement of its current financial year.

This is the award of this Tribunal.

ANNEXURE

In the matter of an industrial dispute between Messrs. Kusumika Iron Works (P) Ltd., Jeliapara Lane, Salkia, Howrah, and their workmen represented by Kusumika Iron Works Workers' Union, 172 Benaras Road, Salkia, Howrah. (Case No. VIII-46 of 1960.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri S. R. GHOSH, Judge, Third Industrial Tribunal.

For the Union: Shri Patit Paban Pathak.

For the Company: Shri J. N. Chatterji, Deputy Labour Adviser of Indian Engineering Association.

AWARD

By order No. 628-I.R./IR/10L-50/60, dated the 16th February 1960, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Kusumika Iron Works (P) Ltd., Jeliapara Lane, Salkia, Howrah, and their workmen represented by Kusumika Iron Works Workers' Union, 172 Benaras Road, Salkia, Howrah, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

Whether demand of Union for increased quantum of bonus payable before the Durga Puja of 1959 in addition to what has already been paid as profit bonus is justified? If so, what should be its quantum?

The reference was received by this Tribunal on 22nd February 1960. The dispute relates to justifiability or otherwise of the demand of the Union for increased quantum of bonus payable before the Duga Puja of 1959 in addition to what has already been paid as profit bonus. The dispute is between the Company Messrs. Kusumika Iron Works Private Ltd., and their workmen represented by Kusumika Iron Works Workers' Union.

Notices were duly served upon the parties. The Union filed its written statement on 12th April 1960 and the Company on 17th May 1960. The case was adjourned to this date, i.e., 13th August 1960, for hearing.

A dispute between the same parties regarding various issues including bonus for the year 1365 B.S., corresponding to the year 1958-59 of the English Calendar was referred to this Tribunal by the appropriate Government by order No. 5038-I.R./IR/10L-85/59, dated 22nd October 1959, for adjudication. The issue No. 3 under that order of reference was the issue on bonus for the year 1365 B.S., corresponding to the year 1958-59. That issue covered the whole range of the issue under the present reference and was adjudicated upon after contest between the parties in the award passed by this Tribunal on 7th July 1960 and published by the appropriate Government in the "Calcutta Gazette", dated 4th August 1960. In the circumstances, the legal position is, as admitted by the parties also, that the issue under the present reference does not call for any adjudication at all in view of the adjudication regarding the same issue in the award of this Tribunal published in the "Calcutta Gazette", dated 4th August 1960. The present reference is, therefore, incompetent and not maintainable and the claim of the Union with regard to the issue under the present reference does not require any further adjudication and is, therefore, rejected.

This is my award.

Dictated and corrected by me.

S. R. GHOSH, Judge.

SUDHIR RANJAN GHOSH, Judge,
Third Industrial Tribunal.

The 13th August 1960.

By order of the Governor,
S. C. MUKHERJEE, Asst. Secy.

Muller & Phipps (India) Private Ltd., 7 Wellesley Place, Calcutta-1, and their workmen represented by Muller & Phipps Employees' Union, 7 Wellesley Place, Calcutta-1, regarding the issues

mentioned in the said orders being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), were referred for adjudication to the Second Industrial Tribunal;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

In the matter of two industrial disputes under Government orders Nos. 4185-I.R./IR/11L-497/57, dated 28th July 1957 and 4186-I.R./IR/11L-497/57, of the same date, between Messrs. Muller & Phipps India (Private) Ltd., 7 Wellesely Place, Calcutta, and their workmen represented by Muller & Phipps Employee's Union, 7 Wellesley Place, Calcutta. (Case No. VIII—140 of 1958 and Case No. VIII—149/59.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Company: Shri Sailes Sen. Advocate.

Present for the Union: Shri D. L. Sen Gupta, Advocate, assisted by Shri M. M. Saha. Advocate.

1. By Government order No. 2728-I.R./IR/11L-497/57, dated the 3rd July 1958, an industrial dispute between Messrs. Muller & Phipps India (P.), Ltd. and their workmen represented by Muller & Phipps Employees's Union was referred to the First Industrial Tribunal under section 10 of the Industrial Disputes Act for adjudication of an issue arising out of retrenchment of ten employees. By a subsequent Government order No. 4185-I.R./IR/11L-497/57, dated 28th August 1959, the dispute was withdrawn from the said Tribunal and transferred to this Tribunal under section 33B of the Industrial Disputes Act for the purpose of speedy disposal. On the same date a second industrial dispute between the same parties was referred to this Tribunal by Government order No. 4186-I.R./IR/11L-497/57, under section 10 of the Industrial Disputes Act for adjudication of two issues arising out of the closure of the Calcutta office of the employer. At the desire of the parties for analogous hearing of the two disputes in view of the common question of fact and law which would arise for determination in both the hearing of the first dispute was delayed and the two disputes were heard together from 4th July 1960 to 19th July 1960 with occasional adjournments. One witness was examined for the Union and two for the Company and several documents were exhibited. This award will govern both the cases.

2. The employer Messrs. Muller and Phipps (India) Private Ltd., which will hereafter be referred to as the Company, is a commercial firm of long standing with its head office in Bombay and branches in Delhi, Madras and Calcutta. The Company is engaged in the business of import and sale of certain foreign products and also sale of certain indigenous products manufactured for the Company in India by certain other firms. Besides, the Company holds agencies of certain other products. In its Calcutta Branch to which both the disputes relate it employed 40 members of the clerical staff and 23 members of the subordinate staff. The clerical staff included also 18 salesmen. In the beginning of the year 1958 the Company carried out certain retrenchments in all its branches at different times. So far as the Calcutta branch is concerned, the Company retrenched 10 employees, viz., one clerk, one stenographer, two salesmen, one driver, one bearer and four coolies. Their services were terminated with effect from the 30th April 1958 by letter issued to them individually on the 28th April 1958. The grounds for retrenchment were: (1) severe cut imposed by the Government of India on the imports of the Company, (2) losses of certain agencies and (3) carried forward losses of the balance-sheet of the previous year. The retrenched employees were paid one month's salary in lieu of notice and retrenchment compensation according to section 25F of the Industrial Disputes Act. The dispute arising out of this retrenchment forms the subject-matter of the first reference.

3. Subsequently in June 1959 the Company decided to close the Calcutta branch and issued a letter to each of the employees of the said branch on the 25th June stating that due to the stringent import policy of the Government of India and the resultant drastic cut in the Company's import quota, the loss of the major accounts and the general financial position of the Company it had to take recourse to this measure in the interest of its business. It was also stated in this letter that subsequent to the retrenchment effected in all its branches in 1958 the Company had lost certain other agencies, had sustained a loss of Rs. 3 lakhs in 1958 and anticipated a loss of similar amount or more in 1959. The services of all the employees of the Calcutta branch were terminated with effect from the 30th June 1959. They were paid full retrenchment compensation according to the provisions of the Industrial Disputes Act. The dispute arising out of this closure is the subject-matter of the second reference.

4. The Union in its written statements challenges the retrenchment effected in April 1958 and the subsequent closure of the Calcutta branch as illegal and mala fide, having been effected in violation of an agreement between the Company and the Union concluded on 10th October 1956 in the presence of the Conciliation Officer and also actuated by motives for victimisation of the employees on account of their legitimate trade union activities which were not liked by the Company. With regard to the retrenchment of April 1958 the Union's case is that during the negotiations before such retrenchment it had agreed to a cut in the salaries of all the employees in order to

avoid retrenchment or to reduce the number of retrenched persons but that the Company did not agree thereto. The Union contends that the retrenchment as effected was altogether unjustified and that the reasons alleged therefor were not true. According to the Union, the subsequent closure of the Calcutta branch was designed to victimise the employees because they had raised a dispute on the retrenchment issue and the said dispute had been referred to the Tribunal. It is also stated that in the meantime the Company had wrongfully dismissed some of the employees. The grounds alleged for the closure are challenged as untrue, and it is contended that the closure was not real and bona fide.

5. The Company's case is that the grounds mentioned both for retrenchment and for closure are true and that whatever the Company did was done bona fide in the interest of its business. The Company denies that its actions were motivated by a policy of victimisation of the employees or that the closure of the Calcutta branch was not real and bona fide.

6. The issues in the first case is as follows:—

(1) Is the retrenchment of the following employees justified? (i) Shri P. C. Bose, (ii) Shri H. Mukherjee, (iii) Shri S. H. Subramanian, (iv) Shri C. P. Kapur, (v) Shri Ram Sumer Tewary, (vi) Shri Ram Chandra Das, (vii) Shri Ramasis Singh, (viii) Shri Sital Routh, (ix) Shri Mukunda Das, (x) Shri Ram Bhajan. To what relief are they entitled?

In the second case there are two issues, viz.—

(1) Whether the closure is real and bona fide and whether in the present circumstances it is justified?

(2) Whether the closure is due to circumstances beyond the control of the employers?

What relief, if any, are the workers entitled to?

7. I should state at the outset that so far as the first part of the second issue of the second case is concerned, it does not really arise on the facts of the case and the pleadings of the parties. The Company has not pleaded that the closure was due to unavoidable circumstances beyond its control and it has not also paid retrenchment compensation on the basis of the proviso to sub-section (1) of section 25FFF. It was agreed at the hearing that this issue did not arise for decision and that there was no question of the closure being due to circumstances beyond the control of the Company. No question was also raised regarding the amounts of compensation paid by the Company in either of the cases—it being conceded that they were adequate and proper according to the provisions of the Industrial Disputes Act applicable to the case.

8. **Issue No. 1 (of the first case).**—The grounds for retrenchment mentioned in the Company's letter issued to the retrenched employees on 28th April 1958 (Ext. J) are these—

(1) severe import cuts imposed by the Government of India;

(2) the loss of the Group Laboratories (India) Private Ltd. agency;

(3) carried forward loss of the balance-sheets;

(4) the urgent need in consequence to reduce the staff to a level compatible to income and work-load.

Though the Union challenged these grounds as false in its written statement, some of them have practically been admitted at the hearing and the Company has adduced sufficient evidence in proof of them.

9. As to the first ground there is no dispute that one of the main items of business of the Company is the import and sale of foreign manufactures. This has been admitted by the witness for the Union. According to him, the Company not only imported goods on its own account but also arranged for imports on behalf of other dealers charging commission therefor at various rates. It is well known and is also not disputed that there was a drastic cut in the imports on account of the import policy which the Government of India adopted with effect from October 1957. From the correspondence between the Company and the Union previous to the retrenchment annexed to the Union's written statement it is clear that the Union recognised the difficulties of the Company in consequence of the drastic cut in imports. The second reason, viz., the loss of the agency of the Group Laboratories Ltd., has not also been disputed. This was lost in October 1957 and this matter was also discussed between the Company and the Union in conferences held in 1957, as would appear from the annexures to the Union's written statement. Annexure A to the written statement contains some suggestions by the Union as to how the Company could recoup the loss of this agency by expanding its manufactures and by adopting new lines of business. The suggestions were made by the representatives of the Unions of employees of all the branches of the Company assembled in a conference in Calcutta on 17th August 1957. Annexures E(2) and E(3) show that the Company informed the Union that its attempts to take up new lines or expand manufacture had failed and that retrenchment was inevitable. There can therefore be no doubt about the Company's difficult position in consequence of grounds Nos. 1 and 2.

10. Statements of purchases and sales by the Company of both imported and local items during 1955-58 were produced by the Company and the ledgers from which the figures were taken were also offered for inspection. These statements show to what extent the business of the Company was affected in 1957 and 1958 as compared to 1956 (Ext. K). In 1956 the Company purchased imported goods of the value of Rs. 36 lakhs and sold such goods for Rs. 42 lakhs, but in 1957 the value of the purchases of imported goods was reduced to Rs. 33 lakhs and the value of sales to Rs. 37 lakhs. Since the import restrictions became effective only from October 1957, the full effect thereof was not felt till the year 1958 when the purchases of imported items dwindled to only Rs. 4 lakhs and 82 thousand and the sales came down to Rs. 7 lakhs and 22 thousand. In the matter of indigenous or local items also the purchases and sales were considerably affected due to the loss of the agency of the Group Laboratories in the latter part of 1957. The same statements show that whereas in 1956 the value of the

purchases of the products of the Group Laboratories amounted to Rs. 24 lakhs, the value was only Rs. 10 lakhs in 1957. The total value of the sales of the local items amounted to Rs. 89 lakhs in 1957, but in 1958 it amounted to only Rs. 58 lakhs. It is further seen from the statements that the profit from the sales of the products of the Group Laboratories accounted for 39 per cent., 23 per cent. and 17 per cent. of the All-India profit of the Company in 1955, 1956 and 1957 respectively and for 45 per cent., 41 per cent. and 28 per cent. of the profit of the Calcutta branch during the same years. The balance-sheets from 1956 filed by the Company also show the deteriorating financial position (Ext. C series). The Company's net profit in 1955 was Rs. 93,000 and in 1957 Rs. 1 lakh and 37 thousand. Only in 1956 there had been good profit amounting to Rs. 4 lakhs and 17 thousand, but it could not be maintained. In 1958 the Company actually sustained a net loss to the extent of Rs. 3 lakhs 37 thousand.

11. In these circumstances, it cannot be said that the Company was not justified in feeling the urgent need of reducing its expenses by retrenchment of surplus staff. The retrenchment was not confined to Calcutta branch only. From the statement, Ext. A, it would appear that 51 employees were retrenched out of 112 in Bombay, the percentage of reduction being 45.5. In Calcutta 11 employees were retrenched out of 61, the percentage of reduction being 18. In Madras the percentage was 18.4 while in Delhi it was 21.7. Thus the Calcutta branch was the least affected in comparison to other branches. The retrenchment was effected in other branches in January 1958 while in the Calcutta branch the matter was delayed till April because of long negotiations with the Union. The Directors of the Company came from Bombay to negotiate with the Union and it appears from the Annexures to the Union's written statement and Ext. H that the Company had at one stage proposed to retrench 16 employees and at another stage 22 employees and that the Union had also agreed to retrenchment of some employees in addition to cut in salaries. It is also clear from the annexures to which I have already referred that the Company tried to improve its position by securing new business and expanding its manufactures but did not succeed. The Company took sufficient time to make up its mind finally and ultimately decided to retrench only 11 employees. As to the Union's proposal for maintenance of the existing staff with cut in salaries the Manager of the Calcutta branch explained in a letter to the Union, dated 28th April 1958 (Ext. I), that the Company could not agree to the principle of reduction in salaries of the staff while there still existed staff surplus to the Company's requirements. In view of the big drop in the Company's purchases and sales consequent on the reduction of imports and the loss of the Group Laboratories Agency it cannot be contended that the staff retrenched was not surplus and the Company cannot be blamed for not accepting the Union's proposal.

12. As the Labour Appellate Tribunal observed in the case of Vishwamitra Press, 1952, L.A.C. 20 it is the prima facie right of the management to determine its labour force and the management is the best judge to determine the number of workmen who would become surplus on the ground of rationalisation, economy or other reasons on which retrenchment can be sustained. Where in effecting the retrenchment the management acts in a bona fide manner the number retrenched ought to be accepted. The same principle was approved by the Supreme Court in the case of J. K. Iron & Steel Co., Kanpur, reported in 1956-I-L.L.J. 227. From what has been stated above it would appear that the Company effected the retrenchment in perfect good faith for the sake of reorganisation and economy but the Union has challenged the good faith of the Company on two grounds. The first ground is that the Company had arrived at an agreement with the Union on October 10, 1956, not to terminate the service of an employee except where the employee is on probation or in a case of gross misconduct. This agreement is annexure I to the Union's written statement. It was an agreement concluded in the presence of and signed by the Conciliation Officer by which the Company and the Union settled several disputes regarding scales of pay, dearness allowance and other matters. One of the matters in dispute was a demand for gratuity. This demand was dealt with in clause 5 of the agreement which runs as follows: "It is agreed that the Union's demand in respect of gratuity is to be reviewed on January 1, 1957. However, the services of the employees shall not be terminated by the Company except where employees are on probation with the Company and excepting cases of gross misconduct until such time as the Company come to some understanding". It has been argued that by effecting this retrenchment without the consent of the Union the Company has violated the above agreement and thus acted in bad faith. I cannot, however, accept the construction which the Union seeks to put on this clause. It is not stated in the clause that the Company must arrive at an understanding with the Union before terminating the service of any employee. Nor is it stated that the demand for gratuity was to be reviewed by both the parties in agreement. The Company reviewed the position in 1957 and informed the Union on November 20, that with regard to the demand for gratuity the Company had arrived at the decision that in view of its financial difficulties it was not in a position to bear the immediate burden of a gratuity scheme and that should the circumstances change for the better in future the Company would be pleased to reconsider the matter (Ext. F). In my opinion the clause merely intended and, in the context, should be construed to mean that the Company should review or consider the demand for gratuity in January 1957 and that until the Company arrived at some decision in the matter one way or the other, i.e., either accepting or rejecting the demand, it should not terminate the service of any employee except on the grounds mentioned therein, the underlying object being that no employee should be deprived of the benefit of gratuity by earlier termination of service in the event of the demand being accepted on such review. This agreement was intended to operate for a limited period and its effect terminated on the review and rejection of the demand by the Company and the communication of its decision to the Union on 20th November 1957. To suggest that the agreement operated to bar any retrenchment or termination of service of any employee without the consent of the Union for all times until the Company conceded or arrived at an agreement

with the Union regarding the demand for gratuity would be preposterous. The first ground urged against the bona fides of the retrenchment thus fails.

13. The second ground is that the retrenchment was a measure of victimisation of the employees for trade union activities. Of the retrenched personnel, however, only one is stated in annexure H to the Union's written statement to have been an office-bearer of the Union as its treasurer there being no suggestion that any of the others had any executive capacity in the Union or was a prominent member thereof. In the written statement of the Union suggestions have been made that the Company resented the formation of the Union and always tried to thwart and crush it. This is not, however, justified by the evidence or materials on record. The witness for the Union did not say any such thing. The Manager of the Calcutta branch stated that he always found the Union co-operative and had no grievance against it. The prolonged negotiations for months together between the Union and the Company before the retrenchment also make it clear that the Company was anxious to take the Union into confidence. Indeed, the Company had given an undertaking to the Labour Department that it would not proceed with the retrenchment without prior consultation with the Union and placing all facts and figures before the Union representatives (Ext. G). As already stated, the Company fully considered the objections and the proposals put forward by the Union and ultimately reduced the number of retrenched personnel to half of what had been proposed at an earlier stage. The Company's Directors came from Bombay to meet the representatives of the Union and the retrenchment in Calcutta office was held over for three months after retrenchments had been effected in other branches. All this shows that the management wanted to maintain very good relations with the Union. I have already referred to the agreement of 10th October 1956 between the Company and the Union by which disputes regarding scales of pay, dearness allowance, provident fund, leave and several other matters were amicably settled. Another such agreement was concluded on 10th July 1958 regarding bonus for 1956 as is admitted in Union's written statement. The conclusion of such agreements is further proof of good relations existing between the parties. Some incidents of a period prior to 1955 were mentioned in the written statement but no evidence was produced in proof of them and it cannot be believed that what had happened before 1955 influenced the action of the Company in 1958 in the face of the agreements of 10th October 1956 and 10th July 1958. The Union's witness referred to dismissal of two employees but admitted in cross-examination that they were dismissed on charges of defalcation of stock. The rejection of the Union's proposal for retention of the entire staff on reduced salary cannot certainly be characterised as vindictive. There is, therefore, no reason to think that the retrenchment was a measure of victimisation or that it was mala fide.

14. **Issue No. 1 (of the second case).**—So far as the closure of the Calcutta branch is concerned, the letter issued to the employees on 25th June 1959 (Ext. M) contained the following reasons:—

"Due to stringent import policy of the Government of India and the resultant drastic cut in the Company's import quota, the loss of major accounts and its general financial position, the Company considers that it has no justification to maintain its organisation at the present level.

"As a measure of economy, the Company, it may be recalled, retrenched a number of workmen in all its branches last year in Bombay, Delhi and Madras in January 1958 and in Calcutta in April 1958. Subsequent to this retrenchment the Aspro Agency accounting for no less than 33½ per cent. of the Company's local income was cancelled with result that the Company showed a loss of Rs. 3,37,366.79 in the year 1958 and the Company estimates the loss for the current year between Rs. 3,00,000 and Rs. 3,50,000. In the circumstances the Company has, in the interest of its business, decided to close down its Calcutta branch at 7 Wellesley Place totally with effect from June 1959".

15. I have already shown to what extent the drastic cut in the Company's import quota and the loss of a major account like the agency of the Group Laboratories affected the Company's sales in 1958 as compared to 1957 and how in spite of the retrenchment carried out in all the branches in the beginning of 1958 the Company sustained a net loss of Rs. 3 lakhs and 37 thousand in that year. This was because the import position did not improve and the Company further lost in 1958 the agency of another valuable item, viz., the Aspro products. The loss of this agency has not been disputed by the Union, and though the statement in the notice of closure that the Aspro products accounted for one-third of the Company's total income was a little exaggerated, it is found from the Company's statement, Ext. K, that they actually accounted for 29 per cent. of the Company's gross profits in 1957 and even in 1958 they accounted for 22.62 per cent. of such profits.

16. The Union has, however, seriously challenged the statement in the notice that the Company expected its losses in 1959 to amount to Rs. 3 or 3½ lakhs and has pointed out that, according to the Company's evidence, the actual loss for that year was only Rs. 1 lakh and 35 thousand in spite of the heavy retrenchment compensation paid to the Calcutta employees amounting to Rs. 81 thousand. It is suggested that the Company deliberately introduced a highly exaggerated figure of anticipated losses in the notice in order to make out a plausible case for closure. The Accountant-Director of the Company has explained that he prepared a budget and profit and loss projection for the Company (Ext. N) in the beginning of the year 1959 with an anticipated loss of Rs. 2 lakhs on the expectation that certain negotiations which were being carried on then for the agency of Cuticura products would be finalised early in the year, but that actually up to the 25th June the negotiations could not be completed and so it was anticipated that the losses would be greater and they were estimated at Rs. 3 or 3½ lakhs, as stated in the notice. The actual loss for the year was, however, reduced to Rs. 1.35 lakhs because the Company succeeded in securing the Cuticura products in the beginning of November

and was able to sell such products extensively in November and December. The draft balance-sheet for 1959 which has been produced and kept confidential at the Company's request bear out the statement of the Accountant-Director regarding the amount of actual loss. I cannot therefore accept the Union's suggestion that the Company deliberately gave a false picture of its financial position in the notice in order to justify the closure of the Calcutta branch. I am satisfied that the Company honestly stated what it felt and expected in June 1959 and the fact that the actual loss at the end of the year did not correspond to what was then anticipated would make no difference, because the Company's anticipations cannot be said to have been unjustified in the circumstances prevailing in June 1959.

17. It has however been contended that the notice of 25th June 1959 did not give any particular reason why the Company should have decided to close the Calcutta branch without making any attempt to reduce expenses in other branches also as in 1958, and that the fact that it selected the Calcutta branch for the closure was prompted by a motive for victimising the Calcutta employees. It has also been argued that the Company did not lose its business in Calcutta to any greater extent than in other branches which could have justified its action. Thus it is pointed out that according to the statement, Ext. K, the Aspro products accounted for only 7 per cent. of the income of the Calcutta branch in 1956, 16 per cent. in 1957 and 10 per cent. in 1958. It is true that the Company has not ceased to do business in Calcutta and that it is not its case that the closure of the Calcutta branch was due to the loss of its business in the Calcutta area. The jurisdiction of the Calcutta branch extended over the whole of West Bengal, Assam, Bihar and Orissa. After the closure of the branch the Company is doing business in a part of this region through distributors who sell the Company's goods on commission basis and in Bihar and Orissa the Company is still doing business on its own account, the said areas having been placed within the jurisdiction of the Bombay branch. The Company has posted the General Manager of the Calcutta branch as Resident Director in Calcutta and he maintains a small office consisting of two clerks and acts as a liaison officer between the distributors and the Head Office and sees to it that the distributors actually push the sales of the Company's products. The Company's case is that this system of doing business is more economical than maintaining a branch in Calcutta and that it is on the ground of economy that this system has been introduced and the branch has been closed. It is also stated that Calcutta was selected for introduction of this system in preference to the other branches because on an average 60 per cent. of the sales in Calcutta area happened to be confined to the city proper, while in the other branches the percentage of sales was greater in the mofussil than in the cities. This will be seen from the statement, Ext. B, according to the Company, sales inside a city could be pushed more economically and with better results through distributors than through paid salesmen attached to a branch office. In proof of this contention the Company has produced a comparative statement of the sales in the Calcutta area for the first six months of 1959 before closure and for the last six months after the closure. The sales during the first period amounted to Rs. 4 lakhs and the gross profit to Rs. 59 thousand, while during the second period the sales amounted to Rs. 8 lakhs and the profit to Rs. 1.61 lakhs (Ext. 12). Ext O is a statement of the average monthly expenses in the Calcutta area before and after closure. The average was Rs. 24,385 before closure and the average including distributors' discount and service charges is Rs. 12,075 after closure. Thus it is clear that the sales and the gross profits have considerably increased in this area after closure and the expenses have been reduced to half. Of course the expenses for Bihar and Orissa have not been shown, but it has not been suggested that the establishment charges of the Bombay branch have increased to any appreciable extent by transfer of Bihar and Orissa to its jurisdiction.

18. Thus the closure of the Calcutta branch was a measure of reorganisation of the Company's business in this area with a view to economy and greater output. The Company has changed the method of its business in Calcutta and in the new set up the maintenance of a branch office in Calcutta at a heavy cost is no longer necessary. An employer has certainly the right to reorganise, or change the methods of his business, if thereby he can get a better return at less cost, even though such reorganisation or change may involve retrenchment of staff or closure of a branch office. The only thing necessary to be considered in this connection is whether the employer has adopted the reorganisation scheme bona fide for improvement of his business or whether it has been adopted with some ulterior motive for the purpose of victimisation of his employees. In the case of D. Macropollo & Co., reported in 1958-II-L.L.J. 492, the Supreme Court laid down this principle and observed that if an employer has adopted a scheme of reorganisation of his business for reasons of economy and convenience and it has been introduced in all the areas of his business, the fact that its implementation would lead to the discharge of some of the employees would have no material bearing on the question as to whether the reorganisation scheme was adopted by the employer bona fide or not. In this case the employer used to do the business of selling cigarettes, cigars and manufactured tobacco through outdoor salesmen in its direct employment. Subsequently when it was found that the sales had dropped and that reorganisation was necessary as a measure of economy the employer closed down the sales department and retrenched the outdoor employees and began operating through distributors. It was, however, argued that the above decision was not applicable to the facts of the present case because the system of sale through distributors had been introduced in the above case in all the areas of the business of the Company, whereas in the present case it had been introduced only in the Calcutta area. I do not think, however, that this fact would make any difference in the principle laid down by the Supreme Court. The Court laid stress on the introduction of the system in all the areas of the Company's business because the Labour Court had ignored this aspect of the matter and had held that the scheme had been introduced in Calcutta all of a sudden solely with the motive of discharging the employees there out of malice

against them. Here the Company has demonstrated by facts and figures how Calcutta is specially suited for this system of business and how the business has improved and economy has been effected by the introduction of this system in the last six months of 1959. Of course this system has not been introduced in Bihar and Orissa which also formed part of the area under the Calcutta Branch but that is because, as has been explained by the Accountant-Director, the system would not be so economical there as in Calcutta. It is for the Company to decide how it will carry on its business in any particular area and what system of business will lead to economy. In a recent decision of the Calcutta High Court it has been held that even if a scheme of reorganisation does not really result in economy but its adoption is found necessary on the ground of convenience, the management's right to adopt the scheme cannot be questioned, if it is done bona fide without any unfair motive of victimisation (Royal Calcutta Golf Club vurses Third Industrial Tribunal, 1960-I.L.L.J. 464).

19. It was argued that the plea of reorganisation of business was an after-thought because the notice of closure did not disclose any scheme of reorganisation and the resolution passed by the Board of Directors on 21st June 1959, for closure of the Calcutta branch did not refer to any such scheme (Ext. Q). It is true that there is no hint in the above documents about this scheme of reorganisation but in the correspondence between the Company and the Union before the retrenchment of 1958 the term "reorganisation" had been frequently used by the Company. It appears that the Company had been thinking about the reorganisation of the business from long before, and, according to the Accountant-Director, the closure of the Calcutta branch was being discussed since April 1959. It is true that the Union or the employees had not been taken into confidence and previously alerted in this matter as was done before the retrenchment of 1958, but I do not think that from that circumstances alone the Company's action should be condemned as mala fide. Previous consultation with the employees may useful and hence necessary in case of retrenchment of a few hand, but in case of complete closure of an office involving discharge of all the employees such consultation would be altogether useless. On this view the Company might not have liked to disclose the scheme of reorganisation which it wanted to adopt regarding its business in the Calcutta area. The scheme was put in force immediately after closure and so it cannot be an after-thought. There is also nothing to show that the closure was dictated by any malice against the Calcutta employees or was a measure of victimisation.

I have already found that the retrenchment of 1958 was not a measure of victimisation and nothing new had happened after the said retrenchment which would lead one to think that the subsequent closure of the Calcutta branch was so. The only thing which intervened was the reference of the dispute regarding the retrenchment to the Tribunal, but this reference had been made in August 1958 and the closure took place in June, 1959. It cannot therefore be believed and it would be too far-fetched to argue that the closure was the outcome of the reference of the said dispute.

20. It was finally argued that the closure of the branch was not real because the Manager of the branch was still functioning here under a new designation with an office and he had advertised for and appointed certain salesmen. I have already mentioned the purpose for which the Manager of the branch has been retained here in the capacity of a Resident Director. His office consists of only two clerks. As to appointment of salesmen, the Resident Director has explained that he had been requested by the distributors to advertise for and select certain salesmen of the Company's products on their behalf and that he had accordingly selected them and the distributors had appointed them on his recommendation. They are being paid by the distributors and are not employees of the Company. There is nothing to show, as has been suggested, that the closure of the Calcutta branch was only a device to get rid of the employees here and that the Company intended to reopen the branch with a new set of employees in more facourable circumstances. I am satisfied that the closure was real and bona fide and fully justified by the circumstances prevailing in June 1959. It was part of a reorganisation scheme involving a change in the method of doing business in this area dictated by motives of economy and of securing greater return at less cost which had been justified by the results. In the circumstances and the Company having paid to the employees affected by the closure notice pay and retrenchment compensation, according to the provisions of the Industrial Disputes Act no further relief can be granted to them. I award accordingly that in both the cases the employees concerned are not entitled to any relief.

AWARD

Issue No. 1

This issue relates to wages and dearness allowance for the booking clerks and the gate-keepers. In the written statement the Union demanded the minimum basic pay of the booking clerks at Rs. 55 per month, and that of the gate-keepers at Rs. 45 per month. Besides, the Union demanded dearness allowance at Rs. 30 per month with provision for upward revision along with the rise in prices. From the statement, Ext. 2, submitted by the Union, it appears that two booking clerks are now getting wages at Rs. 45 per month while the gate-keepers are getting wages at variable rates between Rs. 35 and Rs. 45 per month. It is essentially necessary that the wages of an industrial worker must be such as would enable him to have not merely the means for bare subsistence of life but also for the preservation of his efficiency as a worker. For this purpose he must have means to provide for some measure of education, medical requirements and other amenities. This is the minimum which he must have, irrespective of the capacity of the industry or his employer to pay. If an industry is unable to pay to its workmen at least a bare minimum wage, it has no right to exist irrespective of the capacity to pay. But fixation of wages otherwise has got to be made on the basis of capacity to pay on an industry-cum-region basis after taking a fair cross-section of the industry. There is a distinction between a bare subsistence or minimum wage and a statutory minimum wage. The former is a wage which would be sufficient to cover the bare physical needs of a worker and his family comprising of three consumption units. The statutory minimum wage however is the minimum which is prescribed by the statute and it may be higher than the bare subsistence or minimum wage, providing for some measure of education, medical requirements and amenities. It is, however, to be remembered that while the bare minimum or subsistence wage would have to be fixed irrespective of the capacity of the industry to pay, the minimum wage thus contemplated postulates the capacity of the industry to pay and, therefore, no fixation of wages which ignores this essential factor of the capacity of the industry to pay could ever be supported.

The learned lawyer for the Union urged that the gate-keepers and the booking clerks should be given the statutory minimum wages as fixed by the Government under the Minimum Wages Act, 1948 (Act II of 1948). The rates of wages for the different categories of workmen for the cinema industry as fixed by the Government under the said Act came into operation from the date of the publication of the notification in the "Calcutta Gazette", dated the 18th May 1960. There is, however, no dispute on the point that the Hon'ble High Court in pursuance of a writ of mandamus restrained the Government of West Bengal from giving further effect to the notification, and the matter is sub-judice. It appears that the minimum wage by the aforesaid notification of the gate-keepers, if treated as unskilled workmen, had been fixed at Rs. 32.50 nP. in the mafussil area with dearness allowance at Rs. 32.50 nP. making in all Rs. 65. I do not think that even the bare minimum wage should be anything less than that. So apart from any consideration as to final outcome as to the wages fixed by the Government under the Minimum Wages Act, I fix the total emolument of the gate-keepers at Rs. 65. The balance-sheets submitted by the Company indicate that the industry had been suffering loss. It is not yet in a dependable financial position. It would be inopportune at the moment to split up the wages into basic pay and dearness allowance by me as it is yet uncertain if rise in cost of living, if any, can be neutralised.

So far as the booking clerks are concerned the wages as fixed under the Minimum Wages Act come to Rs. 95. The job of a booking clerk in cinema house and a clerk of a mercantile firm are substantially different. In this consideration I think it should be appropriate to fix the pay of a

booking clerk at Rs. 70 per month. On a consideration of the financial position of the Company I am inclined to hold that the employer cannot be asked to pay more than the bare minimum wage, and I thus fix the wages for both the booking clerks at Rs. 70 per month. Of course, this decision though binding on the parties, is subject to the statutory liability on the part of the employer to pay the minimum wage under the Minimum Wages Act and when that matter is still sub-judice, the decision finally in favour of the employees, would give them the liberty to nforce the obligation of the employer to pay the statutory minimum wage. Clearly the option of the employee to enforce the obligation upon the employer to pay the minimum remains unaffected by the decision. The wage as fixed would be payable from 1st August 1960.

Issue No. 2

This issue relates to hours of work, rest, spread-over and overtime wages. The Company in the written statement made it clear that they follow the provisions of the Bengal Shops and Establishments Act so far as the hours of work, rest, spread-over and overtime wages are concerned. The Bengal Shops and Establishments Act, 1940, provide for hours of work, rest, spread-over and the rates of overtime wages in sections 10 and 13. The learned lawyer for the Union urged that the Company had not been following the provision of the said Act. Obviously, if the contention be correct, the Union have got every right to inform the proper authority for contravention of the provisions under the said Act. Be that as it is, I hold the hours of work, rest, spread-over and overtime wages should be in accordance with the provisions of Act XVI of 1940.

Issue No. 3

This issue relates to leave and holidays. The Company gives to the employees 14 days' privilege leave with full pay in a year, 10 days' casual leave with full pay in a year, 14 days' medical leave with half-pay in a year and one-and-half days' holiday in every week. The period of leave as allowed is quite consistent with the provisions in section 12 of the Shops and Establishments Act. The Union at the time of hearing conceded that the leave rules should be just as provided for under the Shops and Establishments Act. It is, accordingly, provided that the privilege leave will accumulate to the maximum of 28 days and the sick leave may be accumulated up to the maximum of 46 days. The period of leave in a year shall remain as above.

Issue No. 4

This issue relates to the service conditions. It is contended by the Company that they have got their own service rules and regulation applicable to the workmen. The Company produced some agreement, Ext. F series, signed by different workmen showing that they accepted the terms and conditions of service as embodied therein. It is contended by the Union that a provision would be made to protect the workmen against arbitrary dismissal by the employer. I find that these rules do not contain adequate provision as to the procedure to be followed by the employer in the matter of disciplinary action. I thus frame the following rules which must precede any punishment:—

The first thing to be done is that a charge shall be framed and the person proceeded against shall be furnished with a copy of the charge and the facts on which the person proceeded against shall submit his explanation. Then a future date should be fixed for the matter to be enquired into. If the person proceeded against is found innocent, the matter ends. If, however, he is found guilty, the workman concerned shall be supplied with a copy of the findings and the punishment proposed to be imposed. The workman will get an opportunity again to plead about the punishment only at this stage. If the enquiring officer himself is competent to inflict punishment on the person proceeded aginst, he will hear his pleadings and order what he thinks best. If the enquiring officer is anybody other than the proprietor, an appeal shall lie with him within seven days of the communication of the order punishing the workman. In case the enquiring officer is not competent to inflict punishment, he will forward the proceedings to the authority competent to punish and that authority will hear the person again and then pass orders.

Issue No. 5

The Union demands one month's wages as bonus for 1957 payable in 1958. It is not clearly disclosed in the written statement if the bonus as claimed is a traditional bonus or profit bonus. From the evidence of P.W. 2, a workman, it appears that the workers were paid bonus every year since 1955 at the time of Pujas, and that no bonus had been paid in 1958. The Company's version is that they could not pay bonus in 1958 as that was a year of loss. As already stated the Union did not mention in the written statement whether the claim of bonus is based on traditional right or on the basis of profit. From the balance-sheet it appears that the Company suffered loss in the year ending 31st December 1957. So, the claim for bonus on the basis of profit which appears to be the case of the Union fails. The claim for bonus as arising from a customary right or as an implied condition of service is not categorically made in the written statement. The evidence adduced by the Union is also not to that effect. So there is no justification as to the claim of Puja bonus in 1958 as a traditional bonus.

Issue No. 6

This issue relates to the suspension of a workman, Nani Gopal Chakraborty, and withholding the wages for three weeks. The contention of the employer is that the suspension of a workman and withholding the wages are not industrial disputes. The employee concerned may approach the appropriate authority and seek remedy in the proper forum for the realisation of the wages. The fact that the workman in question had been suspended for three weeks and that the wages for that period were not paid remains undisputed. Obviously, the suspension is punitive, and in the

absence of proved misconduct it would be a case where for no reason the master is preventing and hindering the servant from doing the work, the latter being able and willing to perform his part of the contract and consequently the wages or salary due to the workman cannot be withheld during the period of suspension. It is now well settled that the power to suspend, in the sense of a right to forbid the workman to work, is not an implied term in an ordinary contract between master and servant, and that such a power can only be either the creature of statute governing the contract or of an express term in the contract itself. Obviously, in this case there is no contract as between the master and servant empowering him to suspend or withhold the services of a workman as a sort of punishment. No charge-sheet nor any opportunity had been given as to the allegations of misconduct for which such punishment had been inflicted. Clearly any dispute or difference between the employer and the employee connected with the terms of employment or a condition is an industrial dispute and, therefore, there is no reason why the punishment by way of suspension and denial of payment of wages affecting the terms and the conditions of service should not be treated as an industrial dispute. I hold that the suspension is unjustified and the workman in question should be paid wages for three weeks which is the period of suspension for which wages had been withheld.

Issue No. 7

This issue relates to the dismissal of a workman, Shri Ajit Banerjee. The contention of the employer is that the said workman who was a gate-keeper, sold two complementary tickets to Shri Jagadish Ch. Sur on 13th January 1959, and for that he was charge-sheeted on 16th January 1959. After proper enquiry wherein Shri Banerjee was given opportunities for defence, he was found guilty and dismissed on 26th February 1959. From the evidence of P.W. 3, Shri Banerjee, the concerned workman, it appears that he got two complementary tickets from a son of an Assistant Sub-Inspector of Police of Khardah, and sold those two tickets to Shri Sur at 6 annas, which is the amount of Amusement Tax. So, Shri Banerjee admits that he had transferred tickets at some consideration to Shri Sur. These two tickets were meant for some other persons and were available in the evening show. What Shri Banerjee actually did was to sell or transfer the tickets to Shri Sur who is an outsider. This is clearly an act of misconduct on the part of Shri Banerjee, no matter what monetary gain he made through such a transaction. The employer's right to take disciplinary action against the employee is subject to the scrutiny and also to the interference by the Tribunal (i) when there is want of good faith, (ii) when there is victimisation or unfair labour practice, (iii) when management has been guilty of a basic error or violation of the principle of natural justice and (iv) when on the materials the finding is completely baseless or perverse. It is clear from the evidence that the workman had been properly charge-sheeted (vide Ext. A), and an enquiry had been held after Shri Banerjee submitted his explanation and he was given full opportunity for his defence. It is quite possible that the employer took a serious view of the matter and as such took the extreme step of dismissing Shri Banerjee. There is absolutely nothing as shown that the employer was actuated by a spirit of victimisation, and that there was any unfair labour practice. I therefore find no reason to interfere with the action of the employer which is found justified. Shri Banerjee accordingly cannot get any relief whatsoever.

K. K. MITRA, Judge,
